The effective dates of these two final rules differ. The television label amendments, published on January 6, 2011, became effective on May 10, 2011, while the earlier light bulb amendments will not become effective until January 1, 2012.¹ As a result, two amendatory instructions in the light bulb notice are not consistent with current Rule provisions. This notice removes those two instructions. The Commission is also issuing a separate technical correction notice to
