

prepaid cards. In light of the addition of Section V on general-use prepaid cards, as discussed earlier, the Board will exclude general-use prepaid card transactions from this section.

Payment Card Network Survey (FR 3064b)

Section-by-Section Analysis

I. Respondent Information

The Board proposed to ask respondents to provide the network covered in this response and the contact person(s) name, section of the survey for which they are responsible, email, and phone number. Respondents also would report whether the payment card network is a single-message (PIN) or dual-message (signature) network, and whether the payment card network offers a tiered interchange fee rate schedule that differentiates between exempt issuers and non-exempt issuers, and the number of merchant locations. The Board received no comments on this section. This section will be implemented as proposed with clarifying changes as appropriate.

II. Debit Card Transactions (Including General-Use Prepaid Card Transactions)

The Board proposed to ask respondents to report the volume and value of settled purchase transactions; as well as information related to card-present versus card-not-present transactions; general-use prepaid card versus non-general-use prepaid card transactions; general-use prepaid card transactions exempt from the interchange fee standards in Regulation II versus general-use prepaid card transactions that are not exempt; transactions processed for small issuers that are exempt from the interchange fee standards versus those processed for non-exempt issuers; pre- and post-effective date transactions processed for exempt and non-exempt debit card issuers; chargebacks and returns to merchants; the value of interchange fees; the value of network fees; and payments and incentives paid by networks to acquirers, merchants, and issuers.

The Board requested comment on whether the networks can provide data for exempt and non-exempt issuers that compares information for three time periods: January 1 to June 30, 2011 (during which all transactions would be considered exempt); July 1 to September 30, 2011 (during which some networks may have begun to distinguish between exempt and non-exempt issuers, if such networks are offering a tiered interchange fee schedule); and October 1 to December 31, 2011 (during which

all networks that provide a tiered interchange fee schedule would distinguish between exempt and non-exempt issuers). Four commenters stated that the data should be collected only for two time periods, pre-and post-October 1, 2011, in order to assess the effect of Regulation II on the practices of networks in paying and assessing fees. The Board considered the comments and has decided to modify the request to collect data for two time periods: January 1 to September 30, 2011 and October 1 to December 31, 2011.

By order of the Board of Governors of the Federal Reserve System, December 16, 2011.

Robert deV. Frierson,

Deputy Secretary of the Board.
