Drawbridge Operation Regulation; Escatawpa River, Moss Point, MS

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Mississippi Export Railroad Company swing bridge across the Escatawpa River, mile 3.0, at Moss Point, Jackson County, Mississippi. This deviation is necessary to allow the bridge owner time to perform preventive maintenance that is essential to the continued safe operation of the bridge.

Maintenance is scheduled in the winter, when there is less impact on navigation; instead of scheduling work in the summer, when river traffic increases. This deviation allows the bridge to open on signal if at least 24 hours advance notice is given.

DATES: This deviation is effective from 6 a.m. on Tuesday, January 3, 2012 through 11 p.m. on Thursday, January 5, 2012.

The swing span bridge has a horizontal clearance of 69 feet and a vertical clearance of 6 feet above mean high water (based on the National Geodatic Vertical Datum of 1929) in the closed-to-navigation position.

In accordance with 33 CFR 117.5, except as otherwise authorized or required by this part, drawbridges must open promptly and fully for the passage of vessels when a request or signal to open is given in accordance with this subpart.
