Regarding the proposed hosting fee, the Exchange represented that it will be applied uniformly and will not unfairly discriminate between Users of co-location services, as the hosting fee will be applicable to all interested Users that provide hosting services.¹² The Exchange also represented that the hosting fee is reasonable because it is designed to defray expenses incurred or resources expended by the Exchange.¹³ In light of the Exchange's representations, the Commission believes that the hosting fee is consistent with Section 6(b)(4) of the Exchange Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-NYSEArca-2011-74) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65967; File No. SR-CBOE-2011-118]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Penny Pilot Program

December 15, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 2, 2011, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities

and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules relating to the Penny Pilot Program. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Penny Pilot Program is scheduled to expire on December 31, 2011. CBOE proposes to extend the Pilot Program until June 30, 2012. CBOE believes that extending the Pilot Program will allow for further analysis of the Pilot Program and a determination of how the Pilot Program should be structured in the future.

During this extension of the Penny Pilot Program, CBOE proposes that it may replace any option class that is currently included in the Pilot Program and that has been delisted with the next most actively-traded, multiple-listed option class that is not yet participating in the Pilot Program ("replacement class"). Any replacement class would be determined based on national average daily volume in the preceding six months,³ and would be added on the

second trading day following January 1, 2012. CBOE will employ the same parameters to prospective replacement classes as approved and applicable in determining the existing classes in the Pilot Program, including excluding high-priced underlying securities.⁴ CBOE will announce to its Trading Permit Holders by circular any replacement classes in the Pilot Program.

CBOE is specifically authorized to act jointly with the other options exchanges participating in the Penny Pilot Program in identifying any replacement class. CBOE will submit to the SEC reports that will include sample data and analysis of information collected from October 1, 2011 through March 31, 2012 and April 1 through June 30, 2012 for the ten most active and twenty least active option classes added to the Pilot Program. This proposed sampling approach provides an appropriate means by which to monitor and assess the Pilot Program's impact. CBOE will also identify, for comparison purposes, a control group consisting of the ten least active option classes from the initial 58 Pilot Program classes. This report will include, but not be limited to, the following: (1) Data and analysis of the number of quotations generated for options included in the report; (2) an assessment of the quotation spreads for the options included in the report; (3) an assessment of the impact of the Pilot Program on CBOE's automated systems; (4) data reflecting the size and depth of markets; and (5) any capacity problems or other problems that arose related to the operation of the Pilot Program and how the Exchange addressed them.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6 of the Act⁵ and the rules and regulations thereunder applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes that the proposed rule change is consistent with the Section 6(b)(5) Act⁷ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and

the six-month analysis. Thus, a replacement class to be added on the second trading following January 1, 2012 would be identified based on The Option Clearing Corporation's trading volume data from June 1, 2011 through November 30, 2011.

³ The month immediately preceding a replacement class's addition to the Pilot Program (i.e. December) would not be used for purposes of

manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. In particular, the proposed rule change allows for an extension of the Penny Pilot Program for the benefit of market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)(iii) thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
