

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)(iii) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend Phlx Rule 1034 to extend the Penny Pilot through June 30, 2012 and replace any Penny Pilot issues that have been delisted.

For a pilot period scheduled to expire on December 31, 2011, the Penny Pilot allows certain options to be quoted and traded on the Exchange in minimum increments of \$0.01 for all series in such options with a price of less than \$3.00; and in minimum increments of \$0.05 for

all series in such options with a price of \$3.00 or higher. Options overlying the PowerShares QQQ Trust ("QQQQ"),[®] SPDR S&P 500 Exchange Traded Funds ("SPY"), and iShares Russell 2000 Index Funds ("IWM"), however, are quoted and traded in minimum increments of \$0.01 for all series regardless of the price. Currently the Exchange trades 361 options classes pursuant to the Penny Pilot.

The Penny Pilot is a very successful and efficacious pricing program that is beneficial to traders, investors, and public customers, and the Exchange has received numerous requests to expand and continue it. This proposal allows the Penny Pilot to continue in its current format for six months through June 30, 2012.

Commensurate with the extension of the Penny Pilot through June 30, 2012, the Exchange proposes to replace any Penny Pilot issues that have been delisted with the next most actively traded multiply listed options classes that are not yet included in the Pilot. The replacement issues will be selected based on trading activity for the six month period beginning June 1, 2011, and ending November 30, 2011. The replacement issues would be added to the Pilot on the second trading day following January 1, 2012.⁵

In conjunction with this extension proposal, the Exchange agrees to submit a report to the Commission regarding the Penny Pilot that will include: (1) Best Bid or Offer ("BBO") spread, in terms of data and analysis on the number of quotations generated for options included in the report; (2) size of BBO, in terms of an assessment of the quotation spreads for the options included in the report; (3) industry Average Daily Volume ("ADV"), in terms of data reflecting the size and depth of markets; (4) an assessment of the impact of the Pilot Program on the capacity of Phlx's automated systems; and (5) any capacity problems or other problems that arose related to the operation of the Pilot Program and how the Exchange addressed them.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and

equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, by extending the Penny Pilot and replacing delisted Penny Pilot issues.

The Exchange notes that the Penny Pilot is a very successful and efficacious pricing program that is beneficial to traders, investors, and public customers, and the Exchange has received numerous requests to expand and continue it. This proposal allows the Penny Pilot to continue in its current format through June 30, 2012.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19bb-4-4(f)(6)(iii) thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65974; File No. SR-NYSEAmex-2011-81]

Self-Regulatory Organizations; NYSE Amex LLC; Order Approving a Proposed Rule Change Expanding the Scope of Potential "Users" of Its Co-Location Services To Include Any Market Participant That Requests To Receive Co-Location Services Directly From the Exchange and Amending Its Price List To Establish a Fee for Users That Host Their Customers at the Exchange's Data Center

December 15, 2011.

I. Introduction

On October 14, 2011, NYSE Amex LLC ("NYSE Amex" or the "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to expand the scope of potential "Users" of its co-location services, and to amend its Price List. The proposed rule change was published for comment in the **FEDERAL REGISTER** on November 1, 2011.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

II. Description of the Proposed Rule Change

The Exchange operates a data center in Mahwah, New Jersey from which it provides co-location services to Users.⁴ For purposes of its co-location services, the term "User" currently includes member organizations, as that term is defined in Rule 2(b)—NYSE Amex Equities, and Sponsored Participants, as that term is defined in Rule 123B.30(a)(ii)(B)—NYSE Amex Equities. The Exchange proposed to expand the scope of potential Users of its co-location services to include any market participant that requests to receive co-location services directly from the

Exchange.⁵ Under the proposed rule change, Users could therefore include member organizations, Sponsored Participants, non-member broker-dealers and vendors.⁶

The Exchange also proposed to amend its Price List to establish a fee applicable to Users that provide hosting services to their customers ("Hosted Users") at the Exchange's data center.⁷ "Hosting" would be a service offered by a User to a Hosted User and could include, for example, a User supporting its Hosted User's technology, whether hardware or software, through the User's co-location space. Specifically, the Exchange proposed to charge each User a fee of \$500.00 per month for each Hosted User that the User hosts in the Exchange's data center. Users would independently set fees for their Hosted Users and the Exchange would not receive a share of any such fees.

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁸ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁹ which requires that the rules of a national securities exchange provide for the equitable allocation of reasonable dues, fees and other charges among its members and issuers and other persons using its facilities, and with Section 6(b)(5) of the Act,¹⁰ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair

⁵ As stated by the Exchange, Users must agree to, and be capable of satisfying, any applicable co-location fees, requirements, terms and conditions established from time to time by the Exchange. See Notice, 76 FR at 67521.

⁶ *Id.* The Exchange anticipated that the potential additional Users would provide, for example, hosting, service bureau, technical support, risk management, order routing and market data delivery services to their customers while the User is co-located in the Exchange's data center.

⁷ *Id.*

⁸ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
