DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Notice of Final Federal Agency Actions on the Interstate 95 High Occupancy Toll Lanes Project in Virginia**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA.

SUMMARY: This notice announces actions taken by the FHWA that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to the Interstate 95 High Occupancy Toll Lanes project in Spotsylvania, Stafford, Prince William, and Fairfax Counties and City of Fredericksburg, Virginia, and those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the project will be barred unless the claim is filed on or before June 19, 2012.

Notwithstanding any other provision of law, a claim arising under Federal law seeking judicial review of a permit, license, or approval issued by a Federal agency for a highway or public transportation capital project shall be barred unless it is filed within 180 days after publication of a notice in the **Federal Register** announcing that the permit, license, or approval is final pursuant to the law under which the agency action is taken, unless a shorter time is specified in the Federal law pursuant to which judicial review is allowed.

SUPPLEMENTARY INFORMATION: Notice is hereby given that FHWA has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following project

in the State of Virginia: Interstate 95 High Occupancy Toll (HOT) Lanes. Generally, the Interstate 95 HOT Lanes project will expand the existing two High Occupancy Vehicle (HOV) lanes to three lanes from just north of the I-95/I-395/I-495 interchange in Fairfax County (in the vicinity of the I-395/Edsall Road interchange) to the Prince William Parkway in Prince William County (Exit 158) and convert them to HOT Lanes. The existing two HOV lanes will be maintained from the Prince William Parkway to south of the Town of Dumfries in Prince William County but be converted to HOT Lanes. Two new HOV/HOT Lanes will be constructed for approximately 26 miles through Stafford County, the City of Fredericksburg and Spotsylvania County to approximately one mile south of Route 17 in Spotsylvania County. The project will also include flyover ramps and at-grade slip ramps to facilitate movement between the HOV/HOT lanes and the general purpose lanes. Pull-off areas will also be provided for enforcement and breakdown purposes. The project would accommodate travel demand more efficiently, provide higher reliability of travel times, and expand travel choices. The actions taken by FHWA, and the laws under which such actions were taken, are described in the Environmental Assessment, the letter finalizing the Environmental Assessment process and requesting a Finding of No Significant Impact (FONSI), the FONSI that was issued on December 5, 2011, and in other documents in the FHWA project records.
