These privately owned properties, which are not being transferred, have never been under DOE authority.

- *Parcel ED–4* is 18 acres of woodland located in Roane County.
- *Parcel ED–5 West* is 26.25 acres of grassland located within the City of Oak Ridge. Parcel ED–5 includes a concrete slab, which was formerly a base for a sampling tower.
- *Parcel ED–8* is 84 acres located within the City of Oak Ridge. The Heritage Center, LLC, will receive 78 acres of land, and the 6 acres of roadway on Parcel ED–8 have been transferred to the City of Oak Ridge.

OSHA's Regional Office in Atlanta, Georgia, working with the OSHA Nashville Area Office and TOSHA, determined that TOSHA is willing to accept authority over the occupational safety and health of public-sector and private-sector employees at the two existing building complexes and the three other parcels of land at the East Tennessee Technology Park in Oak Ridge, Tennessee that were transferred by deed to the City of Oak Ridge and CROET, and the Heritage Center, LLC, respectively. In a letter from OSHA to DOE dated October 7, 2011, OSHA stated that TOSHA is satisfied with DOE assurances that (1) there is no likelihood that any employee at these facilities will be exposed to radiation levels that will be 25 millirems per year (mrem/yr) or more, and (2) transfer of authority to TOSHA is free from regulatory gaps, and does not diminish the safety and health protection of the employees. According to this letter, TOSHA therefore accepted and maintains health and safety regulatory authority over employees at building complexes K–1000, K–1501—H & L, K–1008—F, and K–79.
