Title: Native Employment Training Grant (NET Grant) Program.

Brief Description of Collection: Indian tribes and Alaska federal recognized tribal entities that wish to apply for the Native Employment Training Grant (NET) Program must submit an application that includes certain information. A complete application must contain:

- A duly-enacted, signed resolution of the governing body of each tribe or Alaska federal recognized tribal entity participating in the project;
- A Statement of Work identifying the training project's planned activities and deliverable products; the number of jobs expected to be filled by training program graduates; the identities and locations of those expected to employ them; the number of Native Americans who will be trained; whether potential trainees will be drug tested or screened in other ways prior to their acceptance into a training program; and the kinds of direct assistance and case management services that will be offered to graduates of training programs to enable them to be placed into sustainable jobs;
- The identity of the labor and union organization, private consultant, non-profit/non-academic entity, or other entity the tribe has chosen to perform skill development training; and,
- A detailed budget estimate, including contracted personnel costs; travel estimates; data collection and analysis costs; costs of purchasing; renting or leasing equipment, clothing, and training sites; and, other expenses. The IEED reserves the authority to reduce or otherwise modify this budget.

The IEED requires this information to ensure that the Native Employment Training Grant (NET Grant) program only funds projects likely to train and place into employment tribal members and members of federally recognized Alaska tribal entities on or near a Native community. Upon completion of the funded project, the grantee must submit a final report summarizing events, accomplishments, results, and obstacles in executing the project. The IEED estimates that approximately 40 tribes will submit at least one application each year, and that IEED will accept

approximately all 40 into the program annually.

Number of Respondents: 80 applicants per year; 46 project participants each year.

Estimated Time per Response: 40 hours per application; 1.5 hours report.

Frequency of Response: Once per year for applications and final report.

Dated: December 21, 2011.
