

The members will also receive a briefing on recent Cyber attacks and the potential threat of an electromagnetic pulse attack. Both will include lessons learned and potential vulnerabilities of infrastructure assets, as well as potential methods to improve the Federal response to a cyber or electromagnetic pulse attack. Disclosure of this information would be a road map to those who wish to attack our infrastructure, and hence, would certainly frustrate the successful implementation of preventive and counter measures to protect our cyber and physical infrastructure. Therefore, this portion of the meeting is required to be closed under U.S.C. 552b(c)(9)(B). Accordingly, this meeting will be closed to the public.

Dated: December 21, 2011.

Becca Sharp,

Executive Director, Homeland Security Advisory Council, DHS.

BILLING CODE 9110-9-P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2011-0074]

Submission for Review and Comment: "The Menlo Report: Ethical Principles Guiding Information and Communication Technology Research" ("Menlo Report") for the Department of Homeland Security Cyber Security Division (CSD), Protected Repository for the Defense of Infrastructure Against Cyber Threats (PREDICT)

AGENCY: Science and Technology Directorate, DHS.

ACTION: 60-day Notice and request for comment.

SUMMARY: DHS invites the public to comment on the Menlo Report in support of PREDICT, DHS S&T sponsored work on ethics in Information and Communication Technology Research (ICTR). This notice is to elicit feedback from the public.

DATES: Submit comments on or before February 27, 2012.

ADDRESSES: The Menlo Report may be found at: <http://www.cyber.st.dhs.gov/wp-content/uploads/2011/12/MenloPrinciplesCORE-20110915-r560.pdf> Interested persons are invited to submit comments, identified by docket number DHS-2011-0074, by accessing Federal eRulemaking Portal: <http://www.regulations.gov>. Please

follow the instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT: DHS S&T CSD, Email Menlo_Report@dhs.gov.

SUPPLEMENTARY INFORMATION: The DHS S&T, CSD is interested in comments applicable to privacy issues and applicability of ethics with respect to human subjects in ICTR.

Overview of This Information Collection

(1) *Type of Information Collection:* Feedback comments.

(2) *Title of the Form/Collection:* Science and Technology, "The Menlo Report: Ethical Principles Guiding Information and Communication Technology Research" ("Menlo Report") review and comments.

(3) *Agency Form Number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* N/A

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Individuals, consisting of federal, state and local law enforcement, private sector and academia practitioners.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

a. Estimate of the total number of respondents: N/A.

b. An estimate of the time for an average respondent to respond: N/A.

c. An estimate of the total public burden (in hours) associated with the collection: N/A.

Dated: December 14, 2011.

Tara O'Toole,

Under Secretary for Science and Technology.

BILLING CODE 9110-9F-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

Agency Information Collection Activities: Form I-131, Revision of an Existing Information Collection; Comment Request

ACTION: 60-Day Notice of Information Collection Under Review: Form I-131, Application for Travel Document.

The Department of Homeland Security, U.S. Citizenship and Immigration Services will be submitting the following information collection

request for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for sixty days until February 27, 2012.

Written comments and suggestions regarding items contained in this notice, and especially with regard to the estimated public burden and associated response time should be directed to the Department of Homeland Security (DHS), USCIS, Chief, Regulatory Products Division, 20 Massachusetts Avenue NW., Washington, DC 20529-2020. Comments may also be submitted to DHS via facsimile to (202) 272-0997, or via email at uscisfrcomment@dhs.gov. When submitting comments by email, please add the OMB Control Number 1615-0013 in the subject box.

Written comments and suggestions from the public and affected agencies concerning the collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of an existing information collection.

(2) *Title of the Form/Collection:* Application for Travel Document.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form I-131. U.S. Citizenship and Immigration Services.

(4) *Affected public who will be asked or required to respond, as well as brief abstract:* Primary: Individuals or

households. Certain aliens, namely permanent or conditional residents, refugees or asylees and aliens abroad use this information collection to apply for a travel document to lawfully enter or reenter the United States.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 338,940 responses at 1.9 hours (1 hour and 55 minutes) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 643,986 annual burden hours.

If you have additional comments, suggestions, or need a copy of the information collection instrument, please visit the USCIS Web site at: <http://www.regulations.gov/fdmspublic/component/main>.

We may also be contacted at: USCIS, Regulatory Products Division, 20 Massachusetts Avenue NW., Washington, DC 20529-2020, telephone number (202) 272-8377.

Dated: December 22, 2011.

Constance Carter,

Deputy Chief, Office of the Executive Secretariat, U.S. Citizenship and Immigration Services, Department of Homeland Security.

BILLING CODE 9111-97-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Notice of Issuance of Final Determination Concerning Laser-Based Multi-Function Office Machines

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: Notice of final determination.

SUMMARY: This document provides notice that U.S. Customs and Border Protection (“CBP”) has issued a final determination concerning the country of origin of laser-based multi-function office machines. Based upon the facts presented, CBP has concluded in the final determination that the assembly and programming operations together convey the essential character of the laser-based multi-function office machine, and it is at their assembly and programming where the last substantial transformation occurs. Therefore, when the laser-based multi-function office machines are assembled and programmed in Mexico, the country of origin for purposes of U.S. government procurement is Mexico.

DATES: The final determination was issued on December 21, 2011. A copy of the final determination is attached. Any party-at-interest, as defined in 19 CFR 177.22(d), may seek judicial review of this final determination on or before January 27, 2012.

FOR FURTHER INFORMATION CONTACT: Christina Kopitopoulos, Valuation and Special Programs Branch: (202) 325-0217.

SUPPLEMENTARY INFORMATION: Notice is hereby given that on December 21, 2011, pursuant to subpart B of part 177, Customs Regulations (19 CFR part 177, subpart B), CBP issued a final determination concerning the country of origin of laser-based multi-function office machines which may be offered to the U.S. Government under an undesignated government procurement contract. This final determination, HQ H185775, was issued under procedures set forth at 19 CFR part 177, subpart B, which implements Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. 2511-18). In the final determination, CBP concluded that, based upon the facts presented, the assembly and programming of the office machines together convey the essential character of the laser-based multi-function office machines and it is at their assembly and programming where the last substantial transformation occurs. Therefore, when the laser-based multi-function office machines are assembled and programmed in Mexico, the country of origin for purposes of U.S. government procurement is Mexico.

Section 177.29, Customs Regulations (19 CFR 177.29), provides that a notice of final determination shall be published in the **Federal Register** within 60 days of the date the final determination is issued. Section 177.30, CBP Regulations (19 CFR 177.30), provides that any party-at-interest, as defined in 19 CFR 177.22(d), may seek judicial review of a final determination within 30 days of publication of such determination in the **Federal Register**.

Dated: December 21, 2011.

Sandra L. Bell,

Executive Director, Regulations and Rulings, Office of International Trade.

Carlos Halasz, Hewlett-Packard Company,
8501 SW 152 Street, Palmetto Bay,
Florida 33157

RE: U.S. Government Procurement; Title III, Trade Agreements Act of 1979 (19 U.S.C.

§ 2511); Subpart B, Part 177, CBP Regulations; laser-based multi-function office machine

Dear Mr. Halasz:

This is in response to your correspondence of September 13, 2011, requesting a final determination on behalf Hewlett-Packard, pursuant to subpart B of part 177, U.S. Customs and Border Protection (“CBP”) Regulations (19 C.F.R. § 177.21 et seq.). Under the pertinent regulations, which implement Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. § 2511 et seq.), CBP issues country of origin advisory rulings and final determinations as to whether an article is or would be a product of a designated country or instrumentality for the purpose of granting waivers of certain “Buy American” restrictions in U.S. law or practice for products offered for sale to the U.S. Government.

This final determination concerns the country of origin of HP LaserJet Enterprise 500 MFP M525 (“M525”). We note that Hewlett-Packard is a party-at-interest within the meaning of 19 C.F.R. § 177.22(d)(1) and is entitled to request this final determination.

FACTS:

The finished M525 is a laser-based multi-function office machine that incorporates multiple functions, including printing, scanning, copying and faxing.

The major component of the M525 is the incomplete Print Engine. The complete print engine is the central mechanism of the M525 that performs printing. The incomplete print engine which is produced in Vietnam and is non-functional in this form consists of a metal frame, plastic skins, motors, controller board (supplier provided firmware), a laser scanning system, fuser, paper trays, cabling paper transport rollers, miscellaneous sensing and imaging systems.

The following assemblies are added to the incomplete print engine in Mexico to form the finished unit.

Formatter Board: The printer formatter is the main controller of the printer. It consists of a printed circuit board, industry standard components, and customized integrated circuits. The main function of the formatter is to receive input data from remote devices via different input ports, translate that data into a format that the print engine understands, and then send the data onto the print engine enabling the information to be successfully printed onto paper. The formatter is also responsible for providing command and control signals allowing the engine to start, run and stop motors in a manner that allows the paper to move from input devices to the designated output bin of the printer, while at the same time, putting the printed image on the paper. The image is constructed by the firmware that runs on the formatter, which tells the lasers how to place the image on the paper for proper resolution and image quality. The formatter operates the HP Embedded Web Server, which allows remote PC users to view the printer settings and make adjustments. It creates and stores critical and printer-unique calibration and configuration data, which ensure that the sub-systems have consistent measurements for paper size, page break,
