* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories

was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on April 30, 2010 (75 FR 22809). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

Dated: December 22, 2011.

Janine Denis Cook,

Chemist, Division of Workplace Programs, Center for Substance Abuse Prevention, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

Agency Information Collection Activities: Form N-600, Revision of a Currently Approved Information Collection; Comment Request

ACTION: 30-Day Notice of Information Collection Under Review: Form N-600, Application for Certificate of Citizenship.

The Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection was previously published in the **Federal Register** on September 27, 2011, at 76 FR 59710, allowing for a 60-day public comment period. USCIS received comments for this information collection.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until February 2, 2012. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this

notice, especially regarding the estimated public burden and associated response time, should be directed to the Department of Homeland Security (DHS), and to the Office of Management and Budget (OMB) USCIS Desk Officer. Comments may be submitted to: USCIS, Chief, Regulatory Products Division, 20 Massachusetts Avenue, Washington, DC 20529-2020. Comments may also be submitted to DHS via facsimile to (202) 272-0997 or via email at uscisfrcomment@dhs.gov, and to the OMB USCIS Desk Officer via facsimile at (202) 395-5806 or via email at oira_submission@omb.eop.gov. When submitting comments by email please make sure to add OMB Control Number 1615-0057 in the subject box. Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Revision of a currently approved information collection.

(2) *Title of the Form/Collection:* Application for Certificate of Citizenship.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form N-600; U.S. Citizenship and Immigration Services (USCIS).

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or Households.* USCIS uses the information on Form N-600 to make a determination that the citizenship eligibility requirements and conditions are met by the applicant.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 57,000 responses at 1.6 hours (1 hour and 36 minutes) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 91,200 annual burden hours.

If you need a copy of the information collection instrument, please visit the Web site at: <http://www.regulations.gov>.

We may also be contacted at: USCIS, Regulatory Products Division, 20 Massachusetts Avenue NW., Washington, DC 20529-2020; Telephone (202) 272-8377.

Dated: December 27, 2011.

Constance Carter,

Deputy Chief, Office of the Executive Secretariat, U.S. Citizenship and Immigration Services, Department of Homeland Security.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R1-MB-2011-N245;
FXMB1232010000P2-123-FF01M01000]

Golden Eagles; Programmatic Take Permit Application; Draft Environmental Assessment; West Butte Wind Project, Crook and Deschutes Counties, OR

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We have received an application under the Bald and Golden Eagle Protection Act (BGEPA) from West Butte Wind Power, LLC, for a programmatic permit for the take of golden eagles. If issued, the permit would be the first programmatic permit issued under our new permitting regulations. We invite public comment on a draft environmental assessment (DEA), which evaluates alternatives for this permit application.

DATES: To ensure consideration, please send your written comments by February 2, 2011.

ADDRESSES: You may download a copy of the DEA on the Internet at <http://www.fws.gov/pacific/migratorybirds/nepa.html>. Alternatively, you may use one of the methods below to request hard copies or a CD-ROM of the documents. Please specify the "DEA for the West Butte Wind Project" on all correspondence.

Submitting Comments: You may submit comments or requests for copies

or more information by one of the following methods.

- *Email:* pacific_birds@fws.gov. Include "DEA for the West Butte Wind Project" in the subject line of the message.

- *U.S. Mail:* Please address written comments to Michael Green, Acting Chief, Division of Migratory Birds and Habitat Programs, Pacific Region, U.S. Fish and Wildlife Service, 911 NE 11th Ave., Portland, OR 97232.

- *Fax:* Michael Green, Acting Chief, Division of Migratory Birds and Habitat Programs, (503) 231-2019, Attn.: DEA for the West Butte Wind Project.

FOR FURTHER INFORMATION CONTACT:

Michael Green, Acting Chief, Division of Migratory Birds and Habitat Programs, U.S. Fish and Wildlife Service, (503) 231-2019 (phone);

pacific_birds@fws.gov (email, include "DEA for the West Butte Wind Project" in the subject line of the message). If you use a telecommunications device for the deaf (TDD), please call the Federal Information Relay Service (FIRS) at (800) 877-8339.

SUPPLEMENTARY INFORMATION:

Introduction

The U.S. Fish and Wildlife Service is considering an application under the Bald and Golden Eagle Protection Act (16 U.S.C. 668a-d; BGEPA) for a programmatic golden eagle (*Aquila chrysaetos*) take permit from West Butte Wind Power, LLC. The company plans to develop the West Butte wind-power project in central Oregon, and there is a risk of eagle fatalities as a result of the operation of this facility. The application includes an avian and bat protection plan combined with an eagle conservation plan that describes actions taken and proposed future actions to avoid, minimize, and mitigate adverse effects on eagles. The eagle conservation plan was developed in collaboration with the Service.

The Draft Environmental Assessment (DEA) analyzes the alternatives associated with this permit application in light of our BGEPA permitting regulations in the Code of Federal Regulations (CFR) at 50 CFR 22.26. If the results of this analysis lead us to issue this permit, it will be the first programmatic permit issued under these new regulations, as well as the first eagle take permit issued to a wind-energy company.

Background

BGEPA allows us to authorize bald eagle and golden eagle programmatic take (take that is recurring, is not caused solely by indirect effects, and that

occurs over the long term or in a location or locations that cannot be specifically identified). Such take must be incidental to actions that are otherwise lawful. BGEPA's implementing regulations define "take" as "to pursue, shoot, shoot at, poison, wound, kill, capture, trap, collect, destroy, molest, or disturb individuals, their nests and eggs" (50 CFR 22.3); and "disturb" is further defined as "to agitate or bother a bald or golden eagle to a degree that causes * * * injury to an eagle, * * * a decrease in its productivity, * * * or nest abandonment" (50 CFR 22.3). The West Butte Wind Project potentially will result in one or more recurring eagle mortalities over the life of the project, so the appropriate type of take permit is the programmatic permit under 50 CFR 22.26.

To obtain a programmatic permit under BGEPA and 50 CFR 22.26, the applicant must (1) avoid and minimize take to the maximum extent achievable; (2) conduct adequate monitoring to determine effects; (3) offset through compensatory mitigation any remaining take, such that the net effect on the eagle population is, at a minimum, no change for eagle management populations that cannot sustain additional mortality; and (4) ensure that the direct and indirect effects of the take and required mitigation, together with the cumulative effects of other permitted take and additional factors affecting eagle populations, are compatible with the preservation of bald eagles and golden eagles.

Applicant's Proposal

The 104-megawatt (MW) project is to be built in Crook and Deschutes Counties, Oregon. As a result of monitoring studies conducted on the proposed project site, the applicant considers the use of the site by eagles to be low, and has requested in their application a permit for the legal take of "1 to 2 Golden Eagles over the 20 to 30 year life of the project."

The applicant developed an eagle conservation plan, following recommendations provided by the Service (Draft Eagle Conservation Plan Guidance, January 2011, http://www.fws.gov/windenergy/docs/ECP_draft_guidance_2_10_final_clean_omb.pdf). As recommended in the Service's guidance, the applicant's plan outlines avoidance and minimization measures and advanced conservation practices, assesses risk from pre-construction monitoring data, makes commitments for mitigating eagle mortalities, and commits to post-construction monitoring. This plan was
