SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-66067; File No. SR-CBOE-2011-127]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the CBOE Stock Exchange Fees Schedule

December 29, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 20, 2011, Chicago Board Options Exchange, Incorporated (the "Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory

organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the CBOE Stock Exchange ("CBSX") Fees Schedule. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBSX proposes to amend its CBOEdirect Connectivity Charges. Currently, the CBSX Fees Schedule applies CBOE's CBOEdirect Connectivity Charges to CBSX users.³ However, CBOE recently filed a proposed rule change to increase its CBOEdirect Connectivity Charges.⁴ Because CBSX does not desire to adopt all of the proposed changes to CBOE's CBOEdirect Connectivity Charges, CBSX hereby proposes to amend its Fees Schedule to adopt its own CBOEdirect Connectivity Charges.

Currently, CBSX assesses a monthly Network Access Port fee of \$250 for regular access and \$500 for Sponsored User access, as those are the amounts of the Network Access Port fees on CBOE. In SR-CBOE-2011-121, CBOE proposes to increase the fees charged for access to a Network Access Port to \$500 per month for regular access and \$1000 per month for Sponsored User access. CBSX desires to keep the Network Access Port fee rates at their current levels and not
