

for non-fresh use; or (b) garlic that has been specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed.

The subject merchandise is used principally as a food product and for seasoning. The subject garlic is currently classifiable under subheadings 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, and 2005.90.9700 of the Harmonized Tariff Schedule of the United States ("HTSUS"). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive. In order to be excluded from the antidumping duty order, garlic entered under the HTSUS subheadings listed above that is (1) mechanically harvested and primarily, but not exclusively, destined for non-fresh use or (2) specially prepared and cultivated prior to planting and then harvested and otherwise prepared for use as seed must be accompanied by declarations to U.S. Customs and Border Protection to that effect.

Analysis of Comments Received

All issues raised in this review is addressed in the "Issues and Decision Memorandum for the Final Results of Expedited Sunset Review of the Antidumping Duty Order on Fresh Garlic from the People's Republic of China" from Gary Taverman, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Susan Kuhbach, Acting Assistant Secretary for Import Administration, dated concurrently with this notice ("Decision Memorandum"), which is hereby adopted by this notice. The issues discussed in the Decision Memorandum consist of the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the orders were revoked. Parties can find a complete discussion of all issues raised in this review and corresponding recommendations in this public memorandum, which is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Services System ("IA ACCESS"). Access to IA ACCESS is available in the Central Records Unit, room 7046 of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn>. The signed Decision Memo and the electronic versions of the Decision Memo are identical in content.

Final Results of Review

We determine that revocation of the antidumping duty order on fresh garlic from the PRC would be likely to lead to continuation or recurrence of dumping. We determine that the following weighted-average percentage margin is likely to prevail:

Manufacturers/exporters/ producers	Weighted average margin
PRC-Wide	376.67%
