High Pressure Steel Cylinders From the People's Republic of China: Postponement of Final Determination of Antidumping Duty Investigation**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.**DATES: Effective Date:** January 9, 2012.**FOR FURTHER INFORMATION CONTACT:**

Emeka Chukwudebe or Alan Ray, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone: (202) 482-0219 or (202) 482-5403, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On May 31, 2011, the Department of Commerce ("Department") initiated an antidumping duty investigation on high pressure steel cylinders from the People's Republic of China ("PRC").¹ On December 15, 2011, the Department published its preliminary determination of sales at less than fair value.² The final determination of this antidumping duty investigation is currently due 75 days after the date of the *Preliminary Determination*.³

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that the Department may postpone a final determination until no later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioner. In addition, 19 CFR

¹ See *High Pressure Steel Cylinders from the People's Republic of China: Initiation of Antidumping Duty Investigation*, 76 FR 33213 (June 8, 2011).

² See *High Pressure Steel Cylinders From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value*, 76 FR 77964 (December 15, 2011) ("Preliminary Determination").

³ See section 735(a)(1) of the Tariff Act of 1930, as amended ("Act"). The Department incorrectly noted the deadline for the final determination as 135 days after publication of the *Preliminary Determination*. See *Preliminary Determination*, 76 FR at 77974.

351.210(e)(2) requires that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months.

On December 12, 2011, Beijing Tianhai Industry Co., Ltd., the entity comprising the sole mandatory respondent in this investigation, requested a postponement of the final determination and an extension of the provisional measures pursuant to section 735(a)(2) of the Act and 19 CFR 351.210(e)(2). In accordance with section 735(a)(2) of the Act and 19 CFR 351.210(b), because (1) Our preliminary determination is affirmative, (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise,⁴ and (3) no compelling reasons for denial exist, we are granting the request and are postponing the final determination until no later than 135 days after the publication of the preliminary determination notice in the **Federal Register**, or April 28, 2012.⁵ Suspension of liquidation will be extended accordingly.

This notice is issued and published pursuant to sections 777(i) and 735(a)(2) of the Act and 19 CFR 351.210(g).

Dated: December 30, 2011.

Susan Kuhbach,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE**National Institute of Standards and Technology****Proposed Information Collection; Comment Request; Survey of the Need for the Improvement of Infrared Reflectance Measurements and Standards****AGENCY:** National Institute of Standards and Technology (NIST), Commerce.**ACTION:** Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to

⁴ See, e.g., *Preliminary Determination*, 76 FR at 77965.

⁵ As April 28, 2012, is a Saturday, the signature day will be the next business day, April 30, 2012, in accordance with our practice. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before March 9, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Leonard Hanssen (Tel. (301) 975-2344, email: hanssen@nist.gov).

SUPPLEMENTARY INFORMATION:**I. Abstract**

This is a request for a new information collection.

The Sensor Science Division (SSD) of the Physical Measurement Laboratory of the National Institute of Standards and Technology (NIST) is responsible for providing standards for the characterization of the optical properties of materials for the United States. This serves the needs of a wide range of industries as well as government and academic laboratories. An increasingly important part of the optical spectrum is the infrared spectral range from 1 μm to 20 μm. Over the past two decades, the SSD has been working to establish physical standards, measurement methods and measurement services in the infrared. As part of this ongoing effort, and in response to many inquiries and requests in recent years, NIST plans to survey members of the infrared optical properties measurement community. The purpose of the survey is to assess their needs for standard reference materials, calibration services, workshops, courses, and other means for improvement of the quality of their measurement data and traceability to national standards.

II. Method of Collection

The survey will be sent as an email attachment to the participants; and the completed survey will be returned to NIST via email.

III. Data

OMB Control Number: None.
Form Number: None.

Type of Review: Regular submission (new information collection).

Affected Public: Business or other for-profit organizations; not-for-profit institutions.

Estimated Number of Respondents: 120.
