*Title:* Importation of Shelled Peas From Kenya.

*OMB Number:* 0579–0302.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–54).

Under these regulations, shelled peas from Kenya are subject to certain conditions before entering the United States to prevent the introduction of plant pests into the United States. The regulations require that shipments of peas be accompanied by a phytosanitary certificate issued by the national plant protection organization of Kenya with an additional declaration stating that the peas have been shelled and washed in accordance with § 319.56–45 and have been inspected and found free of certain plant pests.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper

performance of the functions of the Agency, including whether the information will have practical utility;

*Estimated annual number of respondents:* 1.

*Estimated annual number of responses per respondent:* 1.

*Estimated annual number of responses:* 1.

*Estimated total annual burden on respondents:* 1 hour. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)
