

competitive products represented 5.54 percent of total institutional costs.³ The contribution from competitive products to the recovery of the Postal Service's institutional costs was 6.78 percent in FY 2009 and 7.12 percent in FY 2010.⁴ In FY 2009 and FY 2010, institutional costs were reduced compared with previous years, due in part to the congressionally mandated reductions of the required annual contribution to the Retirement Health Benefits Fund. The Postal Service also has increasingly exercised its flexibility to transfer mail volume from market dominant products to competitive products. See 39 U.S.C. 3642.

On December 29, 2011, the Postal Service filed its 2011 Annual Compliance Report with the Commission. That report indicates that in FY 2011 competitive products collectively contributed 7.84 percent of the Postal Service's institutional costs.⁵

II. Invitation To Comment

The Commission invites comments to facilitate its examination of the appropriateness of the current contribution level. To inform its deliberations, the Commission requests comments from interested members of the public on whether and how changes in competitive market conditions, the allocation of costs to competitive products, the number and volume of competitive products, or any other changes should impact the minimum appropriate share of institutional costs of the Postal Service that should be provided by competitive products. As required by the statute, the Commission in making its determination must consider all relevant circumstances, including the prevailing competitive conditions in the market, and the degree to which any costs are uniquely or disproportionately associated with any competitive products. Comments also are welcome on any issues relevant to the reasonableness of the current 5.5 percent contribution requirement and retaining, modifying, or eliminating it.

Comments are due March 5, 2012. Reply comments may be submitted on or before April 2, 2012.

Pursuant to 39 U.S.C. 505, R. Kevin Harle is designated as the officer of the Commission to represent the interests of the general public (Public

Representative). The Public Representative will direct the activities of Commission personnel assigned to him and, upon request, will provide their names for the record. Neither the Public Representative nor any of the assigned personnel will participate in or provide advice on any Commission decision in this proceeding.

III. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. RM2012-3, in compliance with 39 U.S.C. 3633(b).

2. The Commission designates R. Kevin Harle as the Public Representative representing the interests of the general public in this proceeding.

3. Comments are due March 5, 2012.
