

required to the DFARS by this case only affect the internal operating processes of DoD by establishing an order of application for contract modifications. These changes are not expected to have a significant economic impact on contractors.

This rule does not impose any new reporting or recordkeeping requirements.

The rule does not duplicate, overlap, or conflict with any other Federal rules. The alternative to this rule is to continue relying on DFARS subpart 204.70, which prescribes numbering procedures for contract modifications, and FAR subpart 43.1, which provides guidelines for determining the effective date. However, the cited text does not provide a clear structured path to ensure no ambiguity arises when determining what order to apply modifications.

DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2012–D002) in the correspondence.

IV. Paperwork Reduction Act

This rule does not impose any new information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Part 204

Government procurement.

Mary Overstreet,

Editor, Defense Acquisition Regulations System.

Therefore, 48 CFR part 204 is proposed to be amended as follows:

1. The authority citation for 48 CFR part 204 is revised to read as follows:

Authority: 41 U.S.C. 1303 and 48 CFR chapter 1.

PART 204—ADMINISTRATIVE MATTERS

2. Add section 204.7007 to read as follows:

204.7007 Order of application for modifications.

(a) Circumstances may exist in which the numeric order of the modifications to a contract is not the order in which the changes to the contract actually take effect.

(b) In order to determine the sequence of modifications to a contract or order, the modifications will be applied in the following order:

(1) Modifications will be applied in order of the effective date on the modification.

(2) In the event of two or more modifications with the same effective date, modifications will be applied in signature date order.

(3) In the event of two or more modifications with the same effective date and the same signature date, procuring contracting office modifications will be applied in numeric order, followed by contract administration office modifications in numeric order.

SUPPLEMENTARY INFORMATION:

I. Background

This rule proposes to update the DFARS for consistency with FAR changes addressing the definition of cost or pricing data, published at 75 FR 53135 on August 30, 2010.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

This rule proposes to update the Defense Federal Acquisition Regulation Supplement (DFARS) for consistency with Federal Acquisition Regulation (FAR) changes addressing the definition of cost or pricing data, published at 75 FR 53135 on August 30, 2010. DoD does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory

Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule merely aligns the DFARS with the FAR. However, an initial regulatory flexibility analysis has been performed consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein.

The rule does not expand or diminish the existing rights of the contracting officer to obtain cost data or pricing data. Instead, this rule will benefit all entities, both large and small, by clarifying the requirements for the submission of “certified cost or pricing data” and “data other than certified cost or pricing data.”

There are no projected reporting or recordkeeping requirements associated with this rule. The rule does not duplicate, overlap, or conflict with any other Federal rules. No known significant alternatives to the rule have been identified.

DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2011–D040) in correspondence.

IV. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Parts 204, 215, 217, 219, 225, 239, 241, 242, 244, and 252
