for an extension of the comment period were received. It has come to our attention that confusion arose from the result of having two different comment periods for the two proposed rules in the same action. Therefore, the EPA is extending the public comment period for the mineral wool production proposed rule for 10 days from January 24, 2012 to February 3, 2012, so that comments on both rules in this action are due on the same date.

DATES: Comments must be received by February 3, 2012.

FOR FURTHER INFORMATION CONTACT: Questions concerning the November 25, 2011, proposed rule should be addressed to Susan Fairchild, Office of Air Quality Planning and Standards, Sector Policies and Programs Division (D 243–04), Environmental Protection Agency, Research Triangle Park, North Carolina 27711; telephone number: (919) 541–5167; facsimile number: (919) 541–3207; email address: Fairchild.susan@epa.gov.

The proposal for the Mineral Wool Production and Wool Fiberglass Manufacturing NESHAP was published in the Federal Register on November 25, 2011, and is available at: http://www.epa.gov/tnn/atw/rrisk/rtrpg.html and also in the docket identified below.

New Mexico: Incorporation by Reference of State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to codify in the regulations entitled “Approved State Hazardous Waste Management Programs,” New Mexico’s authorized hazardous waste program. The EPA will incorporate by reference into the Code of Federal Regulations (CFR) those provisions of the State regulations that are authorized and that the EPA will enforce under the Solid Waste Disposal Act, commonly referred to as the Resource Conversation and Recovery Act (RCRA). In the “Rules and Regulations” section of this Federal Register, the EPA is codifying and incorporating by reference the State’s hazardous waste program as an immediate final rule. The EPA did not make a proposal prior to the immediate final rule because we believe these actions are not controversial and do not expect comments that oppose them. We have explained the reasons for this codification and incorporation by reference in the preamble to the immediate final rule. Unless we get written comments which oppose this incorporation by reference during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose these actions, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send written comments by February 22, 2012.

ADDRESSES: Send written comments to Alima Patterson, Region 6 Regional Authorization Coordinator, and Julia Banks, Codification Coordinator, State/ Tribal Oversight Section (6PD–O), Multimedia Planning and Permitting Division, EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202–2733, Phone number: (214) 665–8533 or (214) 665–8178. You may also submit comments electronically or through hand delivery/courier; please follow the detailed instructions in the ADDRESSES section of the immediate final rule which is located in the Rules section of this Federal Register.

FOR FURTHER INFORMATION CONTACT: Alima Patterson, (214) 665–8533.

SUPPLEMENTARY INFORMATION: For additional information, please see the immediate final rule published in the “Rules and Regulations” section of this Federal Register.

Dated: December 14, 2011.

Al Armendariz,
Regional Administrator, Region 6.

Shrimp Fisheries of the Gulf of Mexico and South Atlantic; Revisions of Bycatch Reduction Device (BRD) Testing Protocols; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; correction.

SUMMARY: This document contains a correction to a proposed rule that published on January 9, 2012, regarding proposed changes to shrimp regulations. The proposed rule stated that the “Expanded Mesh BRD” would be decertified for use by the Gulf of Mexico shrimp fishery after May 24, 2012. That information was not correct. The “Extended Funnel BRD” is the BRD design that will no longer be provisionally certified for use in the Gulf of Mexico shrimp fishery after May 24, 2012. This rule corrects that mistake. Both the Expanded Mesh and Extended Funnel BRDs remain certified for use in the South Atlantic shrimp fishery.

DATES: Written comments must be received on or before February 8, 2012.

ADDRESSES: You may submit comments, identified by NOAA–NMFS–2011–0274, by any one of the following methods:

• Mail: Steve Branstetter, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.
