BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LL WO31000.L13100000.PB0000.24 1E]

Renewal and Revision of Approved Information Collection

AGENCY: Bureau of Land Management, Interior.

ACTION: 60-Day Notice and Request for Comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) invites public comments on, and plans to request approval to continue, the collection of information from individuals, small businesses, and large corporations who wish to assign record title or transfer operating rights in a lease for oil and gas or geothermal resources. The Office of Management and Budget (OMB) has assigned control number 1004-0034 to this information collection.

DATES: Submit comments on the proposed information collection by March 26, 2012.

ADDRESSES: Comments may be submitted by mail, fax, or electronic mail.

Mail: U.S. Department of the Interior, Bureau of Land Management, 1849 C Street NW., Room 2134LM, Attention: Jean Sonneman, Washington, DC 20240. *Fax:* to Jean Sonneman at (202) 245-0050.

Electronic mail: Jean.Sonneman@blm.gov.

Please indicate "Attn: 1004-0034" regardless of the form of your comments.

FOR FURTHER INFORMATION CONTACT:

Barbara Gamble, Division of Fluid Minerals, at (202) 912-7148. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1 (800) 877-8339, to leave a message for Ms. Gamble.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501-3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d) and 1320.12(a)). This notice identifies an information collection that the BLM plans to submit to OMB for approval. The Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to OMB.

The following information is provided for the information collection:

- *Title:* Oil, Gas, and Geothermal Resources: Transfers and Assignments (43 CFR Subparts 3106, 3135, and 3216).

Forms:

- Form 3000-3, Assignment of Record Title Interest in a Lease for Oil and Gas or Geothermal Resources; and
- Form 3000-3a, Transfer of Operating Rights (Sublease) in a Lease for Oil and Gas or Geothermal Resources.

OMB Control Number: 1004-0034.

Abstract: The information collected in Form 3000-3 enables the BLM to process applications to transfer interests in oil and gas or geothermal leases by assignment of record title. The information collected in Form 300-3a enables the BLM to process applications to transfer operating rights in (i.e., sublease) oil and gas or geothermal leases. The information in both forms enables the BLM to identify the interest that is proposed to be assigned or transferred; determine whether the proposed assignee or transferee is qualified to obtain the interest sought; and ensure that the proposed assignee or transferee does not exceed statutory acreage limitations.

Frequency of Collection: On occasion. Responses are required to obtain or retain a benefit.

Estimated Number and Description of Respondents: Approximately 4,000 individuals, small businesses, and large corporations apply to assign record title or transfer operating rights (sublease) in a lease for oil and gas or geothermal resources. The estimated number of responses exceeds the estimated number of respondents because some respondents file multiple transfers or assignments annually, while others may file just one.

Estimated Reporting and Recordkeeping "Hour" Burden: For oil and gas: 5,427 hours; for geothermal resources: 39½ hours. The combined total is 5,466½ hours.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: For oil and gas: \$271,350; for

geothermal: \$3,950. The combined total is \$275,300.

The following table details the individual components and respective

hour burdens of this information collection request:

A. Type of response	B. Number of responses	C. Time per response (minutes)	D. Total hours (Column B × Column C)
Assignment of Record Title Interest/Oil and Gas Leases: 43 CFR 3106.4-1 Form 3000-3	6,428	30	3,214
Assignment of Record Title Interest/Geothermal Resources: 43 CFR 3216.14 Form 3000-3	70	30	35
Transfer of Operating Rights/Oil and Gas Leases: 43 CFR 3106.4-1 Form 3000-3a	4,426	30	2,213
Transfer of Operating Rights/Geothermal Resources: 43 CFR 3216.14 Form 3000-3a	9	30	4.5
Totals	10,933	5,466.5

Before including your address, telephone number, email address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Jean Sonneman,

Bureau of Land Management, Information Collection Clearance Officer.

BILLING CODE 4310-84-P

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

Notice of Availability of a Draft Environmental Assessment and Finding of No Significant Impact for Environmental Assessment: Non-Native Plant Control and Re-Establishment of Riparian Habitats Along the Rio Grande on U.S. International Boundary and Water Commission (USIBWC) and Bureau of Land Management (BLM) Lands in Seldon Canyon, Doña Ana County, NM

AGENCY: United States Section, International Boundary and Water Commission, United States and Mexico.

ACTION: Notice of Availability of the Draft Environmental Assessment (EA) and Finding of No Significant Impact (FONSI).

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Final Regulations (40 CFR parts 1500 through 1508); and the United States Section, Operational Procedures for

Implementing Section 102 of NEPA, published in the **Federal Register** September 2, 1981, (46 FR 44083); the United States Section hereby gives notice that the Draft Environmental Assessment and Finding of No Significant Impact for Non-native Plant Control and Re-establishment of Riparian Habitats Along the Rio Grande on U.S. International Boundary and Water Commission and Bureau of Land Management Lands are available. An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within 30-days from the date of this Notice.

FOR FURTHER INFORMATION CONTACT:

Gilbert Anaya, Division Chief, Environmental Management Division; United States Section, International Boundary and Water Commission; 4171 N. Mesa, C-100; El Paso, Texas 79902. Telephone: (915) 832-4702, email: Gilbert.Anaya@ibwc.gov.

Background: This proposed project would be part of a regional initiative to restore the form and function of the Rio Grande floodplain that has been undertaken by other Federal, State, and non government organizations. The overarching goals of the project are to improve the ecosystem integrity within the project area by shifting conditions to match those that historically existed. This project will focus on restoring 31.35 acres divided between two tracts of federal lands (25.85 ac USIBWC and 5.5 ac BLM) from salt cedar to native riparian habitats by utilizing validated mechanical and chemical control methods to remove and control salt cedar.

Availability: Electronic copies of the Draft EA and FONSI are available from the USIBWC Home Page: http://www.ibwc.gov/Organization/Environmental/EIS_EA_Public_Comment.html.

Dated: January 17, 2012.

Steven Fitten,

General Counsel.

BILLING CODE 7010-01-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-410 (Third Review)]

Light-Walled Rectangular Pipe and Tube From Taiwan

Determination

On the basis of the record¹ developed in the subject five-year review, the United States International Trade Commission (Commission) determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)), that revocation of the antidumping duty order on light-walled rectangular pipe and tube from Taiwan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted this review on July 1, 2011 (76 FR 38691) and determined on October 4, 2011 that it would conduct an expedited review (76 FR 64105, October 17, 2011).

The Commission transmitted its determination in this review to the Secretary of Commerce on January 17, 2012. The views of the Commission are contained in USITC Publication 4301 (January 2012), *Light-Walled Rectangular Pipe and Tube from Taiwan (Inv. No. 731-TA-410 (Third Review))*.

By order of the Commission.

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).
