SUPPLEMENTARY INFORMATION:**A. Purpose**

The General Services Administration (GSA) has various mission responsibilities related to the acquisition and provision of the Federal Acquisition Service's (FAS's) Stock, Special Order, and Schedules Programs. These mission responsibilities generate requirements that are realized through the solicitation and award of various types of FAS contracts. Individual solicitations and resulting contracts may impose unique information collection and reporting requirements on contractors, not required by regulation, but necessary to evaluate particular program accomplishments and measure success in meeting program objectives. As such, GSAR 516.506, Solicitation provision and clauses, specifically directs contracting officers to insert 552.216-72, Placement of Orders, when the contract authorizes FAS and other activities to issue delivery or task orders and 552.216-73, Ordering Information, directs the Offeror to elect to receive orders placed by FAS by either facsimile transmission or computer-to-computer Electronic Data Interchange (EDI).
