[Notice-PBS-2012-01; Docket 2012-0002; Sequence 1]

**Notice of Availability of the  
Environmental Assessment for  
Proposed Federal Building Kansas  
City, MO**

**AGENCY:** General Services Administration (GSA).

**ACTION:** Notice of availability.

**SUMMARY:** This notice announces the availability, and opportunity for public review and comment, of a draft environmental assessment (EA), that analyzes the environmental impacts of constructing and operating a proposed new Downtown Federal Building in Kansas City, Missouri. Through the project, GSA proposes to relocate its current operations from the Bannister Federal Complex in Kansas City, Missouri, and co-locate with other federal tenants at a proposed new Downtown Federal Building. The target property(ies) subject to this proposed action are those within an area bounded by 11th Street on the North, 12th Street on the South, Charlotte Street on the East, and Cherry Street on the West (known as city blocks 99 and 100), and could also include some level of development of 701 E. 12th Street, bounded by 12th Street on the North, 13th Street on the South, Holmes Street on the West and Charlotte Street on the East. City blocks 99 and 100 lie within the downtown East Village development and tax increment financing (TIF) district, on the East-side of downtown, in Missouri's 5th Congressional District. In the EA, GSA discusses impacts that could occur as a result of the construction and operation of the proposed project. GSA also evaluates a "No Action" and other reasonable alternatives to the proposed project, or portions of the project, and considers how to lessen or avoid impacts on the various resource areas.
