Policy on Redaction of Committee Meeting Transcripts (Public Comment): Transcripts will be prepared and posted to NIOSH Docket 248 within 60 days after the meeting. If a person making a comment gives his or her name, no attempt will be made to redact that name. NIOSH will take reasonable steps to ensure that individuals making public comments are aware of the fact that their comments (including their name, if provided) will appear in a transcript of the meeting posted on a public Web site. Such reasonable steps include: (a) A statement read at the start of the meeting stating that transcripts will be posted and names of speakers will not be redacted; and (b) A printed copy of the statement mentioned in (a) above will be displayed on the table where individuals sign up to make public comments. If individuals in making a statement reveal personal information (e.g., medical information) about themselves, that information will not usually be redacted. The CDC Freedom of Information Act coordinator will, however, review such revelations in accordance with the Freedom of Information Act and if deemed appropriate, will redact such information. Disclosures of information concerning third party medical information will be redacted.

Public Health Service Act, Non-competitive Replacement Award

AGENCY: Health Resources and Services Administration (HRSA), HHS.

ACTION: Notice of Non-competitive Replacement Award to the California Telehealth Network.

SUMMARY: The Health Resources and Services Administration (HRSA) is issuing a non-competitive replacement award under the Telehealth Resource Center Grant Program (TRCGP) to the California Telehealth Network in order to continue advancement of the effective use of telehealth technology that will facilitate the provision of health care services to rural, medically-underserved California residents.

SUPPLEMENTARY INFORMATION:

Former Grantee of Record: California Health Foundation and Trust.

Replacement Awardee: California Telehealth Network.

Amount of Replacement Award: $355,000.

Period of Replacement Award: The period of support for this award is September 1, 2011, to August 31, 2012.

Authority: Section 330(d)(2) of the Public Health Service Act, as amended, 42 U.S.C. 254c–14(d)(2).

Catalog of Federal Domestic Assistance Number: 93.211.

Justification For the Exception To Competition

The former grantee, California Health Foundation and Trust (CHFT), housed the California Telemedicine & eHealth Center (CTEC). For the past twelve years, CTEC has been a centralized resource center for California’s telemedicine/telehealth efforts. CTEC provides technical assistance services to organizations within California interested in expanding new or existing telehealth services. HRSA was informed that CTEC is transferring organizationally from CHFT to the California Telehealth Network (CTN). The comprehensive services that CTEC provides and their ability to expand their services will allow CTN to maintain the current scope of service and activities as originally awarded under the grant. CTN has a demonstrated history of telecommunications success that will allow it to manage a regional telehealth resource center. This replacement award will help ensure the continued improvement of health care systems in California.

Public Availability of DHS Fiscal Year 2011 Service Contract Inventory

AGENCY: Office of the Chief Procurement Officer, DHS.

ACTION: Notice of availability.

SUMMARY: In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111–117), the Department of Homeland Security (DHS) is publishing this notice to advise the public of the availability of the FY 2011 Service Contract inventory. This inventory provides information on service contract actions over $25,000 that were made in FY 2011. The information is organized by function to show how contracted resources are distributed throughout the agency. The inventory has been developed in accordance with guidance issued on November 5, 2010 by the Office of Management and Budget’s Office of Federal Procurement Policy (OFPP). On December 19, 2011, OFPP submitted additional guidance available at http://www.whitehouse.gov/sites/default/files/omb/procurement/memo/service-contract-inventory-guidance.pdf. [Docket No. TSA–2004–19147]

Extension of Agency Information Collection Activity Under OMB Review: Flight Training for Aliens and Other Designated Individuals; Security Awareness Training for Flight School Employees

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-day Notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0021, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at http://www.reginfo.gov. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

1. Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Flight Training for Aliens and Other Designated Individuals; Security Awareness Training for Flight School Employees.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652–0021.

Affected Public: Aliens and other designated individuals seeking flight instruction from FAA-certified flight training providers.

Public Comment: TSA received one comment on the 60-day notice for this collection. The commenter stated that aliens who seek to do harm to the country will have false identification documents. The commenter also stated that aliens seeking flight training on any aircraft size should be required to undergo a threat assessment. As to the first point, the threat assessment process has safeguards in place to guard against issues of false identification documents. As to the second point, when Congress enacted the Vision 100—Century of Aviation Reauthorization Act it specifically included aliens seeking flight training in aircraft with a MTOW of less than 12,500 pounds in the threat assessment requirement.

Number of Respondents: 53,000.

Joanna Johnson,
TSA Paperwork Reduction Act Officer, Office of Information Technology.
