

any responsibilities, liabilities, or penalties for other unauthorized discharges of oil and hazardous materials, which are covered by Section 311.

Endangered Species Act. Section 7 of the Endangered Species Act (ESA), 16 U.S.C. 1531–1544, requires federal agencies to consult with the National Marine Fisheries Service (NMFS) and the U.S. Fish and Wildlife Service (USFWS) if their actions have the potential to either beneficially or adversely affect any threatened or endangered species. EPA has determined that the Beaufort and Chukchi general permits are not likely to adversely affect any threatened or endangered species. EPA has initiated consultation with NMFS and USFWS to meet its obligations under the ESA. Biological Evaluations (BE) and the fact sheet for the Beaufort and Chukchi general permits were submitted to NMFS and USFWS for review and concurrence during the public comment period. EPA will obtain a determination from NMFS and USFWS before reissuing the final permits.

Essential Fish Habitat. The Magnuson-Stevens Fishery Conservation and Management Act requires EPA to consult with NMFS when a proposed discharge has the potential to adversely affect an Essential Fish Habitat (EFH). EPA is consulting with NMFS to ensure that the discharges authorized by the Beaufort and Chukchi general permits are not likely to adversely affect an EFH or associated species.

Coastal Zone Management Act. As of July 1, 2011, there is no longer a Coastal Zone Management Act (CZMA) program in Alaska. Consequently, federal agencies are no longer required to provide the State of Alaska with CZMA consistency determinations.

Annex V of MARPOL (73/78 and 33 CFR 155.73). Under Annex V of MARPOL, the U.S. Coast Guard (USCG) has issued final regulations under 33 CFR 151.73 to control the disposal of garbage and domestic wastes from fixed or floating drilling facilities involved in the exploration of oil and gas resources. These regulations also apply to drilling facilities located in navigable waters of the U.S. or within the 200 mile Exclusive Economic Zone. The Beaufort and Chukchi general permits prohibit the discharge of garbage.

Executive Order 12866. The Office of Management and Budget (OMB) exempts this action from the review requirements of Executive Order 12866 pursuant to Section 6 of that order.

Paperwork Reduction Act. EPA has reviewed the requirements imposed on

regulated facilities in the Beaufort and Chukchi general permits and find them consistent with the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*

Regulatory Flexibility Act. Under the Regulatory Flexibility Act (RFA), 5 U.S.C. 601 *et seq.*, a federal agency must prepare an initial regulatory flexibility analysis “for any proposed rule” for which the agency “is required by section 553 of the Administrative Procedure Act (APA), or any other law, to publish general notice of proposed rulemaking.” The RFA exempts from this requirement any rule that the issuing agency certifies “will not, if promulgated, have a significant economic impact on a substantial number of small entities.” EPA has concluded that NPDES general permits are permits, not rulemakings, under the APA and thus not subject to APA rulemaking requirements or the RFA. Notwithstanding that general permits are not subject to the RFA, EPA has determined that the Beaufort and Chukchi general permits will not have significant impact on a substantial number of small entities. This determination is based on the fact that the regulated companies are not classified as small businesses under the Small Business Administration regulations established at 49 FR 5023 *et seq.* (February 9, 1984). These facilities are classified as Major Group 13—Oil as Gas Extraction SIC 1311 Crude Petroleum and Natural Gas.

Authority: This action is taken under the authority of Section 402 of the Clean Water Act as amended, 42 U.S.C. 1342. I hereby provide public notice of the draft Beaufort and Chukchi general permit in accordance with 40 CFR 124.10.

Dated: January 23, 2012.

Director, Office of Water and Watersheds, Region 10.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and (e) ways to further reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the

Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before April 2, 2012. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Judith B. Herman, Federal Communications Commission, via the Internet at Judith-b.herman@fcc.gov. To submit your PRA comments by email send them to: PRA@fcc.gov.
