

D. ETS2 is fully deployed; ETS task order closed.

An MOU template will be available within 15 business days of the date of this Bulletin.

Agencies are urged to aggressively pursue transition to ETS2, as anticipated contract extensions will have significantly higher transaction fees for agencies that use them. The GSA Center for Travel Management will assist agencies as they transition to ETS2.

4. Whom should I call for further information?

For further information, please contact Mr. Frank Robinson, ETS Program Manager Center for Travel Management (QMCD), Office of Travel and Transportation Services (QMC), Federal Acquisition Service, U. S. General Services Administration at frank.robinson@gsa.gov or (703) 605-2151.

Steven Kempf,
Commissioner, Federal Acquisition Service, U.S. General Services Administration.

Agency Information Collection Request. 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, email your request, including your address, phone number, OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be directed

to the OS Paperwork Clearance Officer at the above email address within 60-days.

Proposed Project: The Children's Health Insurance Program Reauthorization Act (CHIPRA) Express Lane Eligibility (ELE) Evaluation—OMB No. 0990-NEW—Assistant Secretary Planning and Evaluation (ASPE).

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting the Office of Management and Budget (OMB) approval on a new collection to evaluate the implementation of a new policy known as Express Lane Eligibility (ELE). With ELE, a state's Medicaid and/or Children's Health Insurance Program (CHIP) can rely on another agency's eligibility findings to qualify children for health coverage, despite their different methods of assessing income or otherwise determining eligibility.

CHIPRA authorized an extensive, rigorous evaluation of ELE, creating an exceptional opportunity to document ELE implementation across states and to assess the changes to coverage or administrative costs that may have resulted. The evaluation also provides an opportunity to understand other methods of simplified enrollment that states have been pursuing and to assess the benefits and potential costs of these methods compared to those of ELE. To answer key research questions, ASPE will draw on 5 primary data collections including (1) collecting administrative cost data from ELE and non-ELE states, (2) collecting enrollment data from ELE and non-ELE states, (3) conducting case studies in ELE and non-ELE states, including key informant interviews and focus groups, (4) conducting a 51-state (50 states and the District of Columbia) survey, and (5) holding quarterly monitoring calls with 30 states. This request seeks clearance on all data collections except the collection of administrative cost and enrollment data for ELE states. The administrative cost data, enrollment data, case studies, and 51-state survey will take place only once over the course of the two year evaluation. The quarterly monitoring calls will take place take place 5 times over the course of the 13 months and will include an initial call of up to an hour in length and 4 shorter follow-up calls of about 15 minutes in length each. The administrative cost and enrollment data collection includes contact with key informants and state-level computer programmers and will be collected using Microsoft document templates. The qualitative case studies will include site visit interviews with state and local-level key informants in 8 ELE states and 6 non-ELE states, plus focus groups with

parents of children whose eligibility was established or renewed through ELE methods and parents of children enrolled or renewed through non-ELE routes. The survey component will be

conducted using a Dataweb program as well as a paper and pencil option and will involve Medicaid and CHIP program directors from the 50 states and the District of Columbia. Finally, the

quarterly monitoring calls will be conducted with a sample of 30 states drawn from both ELE and non-ELE states.

National Institute for Occupational Safety and Health

Final Effect of Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HHS gives notice concerning the final effect of the HHS decision to designate a class of employees from the Pantex Plant in Amarillo, Texas, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On December 21, 2011, as provided for under 42 U.S.C. 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All employees of the Department of Energy, its predecessor agencies, and their contractors and subcontractors who worked at the Pantex Plant in Amarillo, Texas, during the period from January 1, 1958 through December 31, 1983, for a number of

work days aggregating at least 250 work days, occurring either solely under this employment or in combination with work days within the parameters established for one or more other classes of employees included in the SEC.

This designation became effective on January 20, 2012, as provided for under 42 U.S.C. 7384j(14)(C). Hence, beginning on January 20, 2012, members of this class of employees, defined as reported in this notice, became members of the SEC.

FOR FURTHER INFORMATION CONTACT: Stuart L. Hinnefeld, Director, Division of Compensation Analysis and Support, National Institute for Occupational Safety and Health (NIOSH), 4676 Columbia Parkway, MS C-46, Cincinnati, OH 45226, Telephone (877) 222-7570. Information requests can also be submitted by email to DCAS@CDC.GOV.

Findings of Research Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) has taken final action in the following case:

Calleen S. Zach, Creighton University: Based on evidence obtained from Creighton University (CU) and additional evidence gathered by the Office of Research Integrity (ORI) during its oversight review, ORI found that Ms. Calleen S. Zach, former Research Assistant and Data Base Manager, CU, engaged in research misconduct in research funded by National Institute of Child Health and Human Development (NICHD), National Institutes of Health (NIH), grant R01 HD046991.

Specifically, ORI found that the Respondent provided falsified subject enrollment numbers in an application to NIH for continued funding of R01 HD046991 in 2008, a no-cost, one-year extension request for R01 HD046991 (April 8, 2009, letter to NICHD, NIH), and an application for additional funding of R01 HD046991 (June 30, 2009, to NICHD, NIH). In addition, she knowingly and intentionally provided falsified subject enrollment numbers in reports to the CU Institutional Review Board (IRB) in 2008 and 2009.

ORI concluded that Respondent's knowing and intentional falsification of data constitutes research misconduct as defined by 42 CFR 93.103. In addition, ORI found that Respondent's intentionally deceptive behavior, including false statements made to the CU institutional officials, forgery of petty cash receipts, and theft of NIH
