Model Projects

Arts is a core academic subject. Arts education encourages creativity and analytical thinking and it highlights a student's unique qualities. Accordingly, and because the focus of the AENP is to promote high-quality arts education with special emphasis on serving children from low-income families and children with disabilities, we are seeking to support one or more projects that will develop and implement exemplary national-level arts education activities and services.

Proposed Priority

In order to meet this priority, an applicant must demonstrate that the project for which it seeks funding will provide services and develop initiatives in multiple schools and school districts throughout the country, including in at least one urban, at least one rural, and at least one high-need community (as defined in this notice).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the priority. However, we do not give an
