39 CFR Part 111

Periodicals—Recognition of Distribution of Periodicals via Electronic Copies

AGENCY: Postal Service™.
ACTION: Proposed rule.

SUMMARY: The Postal Service proposes to revise the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 707.6, to allow publishers who use electronic distribution methods to report such circulation as paid or requested distribution, as applicable.

DATES: We must receive your comments on or before March 5, 2012. Early comments are encouraged.

ADDRESSES: Mail or deliver written comments to the Manager, Product Classification, U.S. Postal Service®, 475 L'Enfant Plaza SW., Room 4446, Washington, DC 20260-5015. You may inspect and photocopy all written comments at USPS® Headquarters Library, 475 L'Enfant Plaza SW., 11th Floor N, Washington, DC by appointment only between the hours of 9 a.m. and 4 p.m., Monday through Friday by calling 1-202-268-2906 in advance. Email comments, containing the name and address of the commenter, may be sent to: *Product Classification@usps.gov*, with a subject line of "epublications." Faxed comments are not accepted.

FOR FURTHER INFORMATION CONTACT: Susan Thomas at (202) 268-8069.

SUPPLEMENTARY INFORMATION: Recent advances in technology allow distribution of Periodicals publications through various electronic media channels. According to the standards that govern the Periodicals class, all paid circulation for publications authorized in the General category, and all requested circulation for publications authorized in the Requestor category may be counted toward the publication's eligibility for Periodicals prices.

Efforts to identify the conditions that would allow electronic copies of Periodicals (e-pubs) to be counted with other distribution outside the mails have been ongoing for the past two years. During that time, the transition from traditional printed copies of Periodicals to electronic copies of the same publications has grown. Many factors contributed to this migration including the proliferation of electronic reading devices and the desire of subscribers to read news immediately upon publication.

The proposed effective date is September 30, 2012.

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act [5 U.S.C. of 553(b), (c)] regarding proposed rulemaking by 39 U.S.C. 410(a), we invite public comments on the following proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 111.1.

Background: Consumer Confidence Reports are a key part of the public's right-to-know as established in the 1996 Amendments to the Safe Drinking Water Act (SDWA, section 1414(c)). The Consumer Confidence Report, or CCR, is an annual water quality report that a community water system is required by Federal regulations (63 FR 44511, August 19, 1998) to provide to its customers each year. Community water systems (CWSs) serving 10,000 or more persons are required to mail or otherwise directly deliver these reports. States may allow CWSs serving fewer than 10,000 persons to provide these reports by other means. The report lists the regulated contaminants found in the drinking water, as well as health effects information related to violations of the drinking water standards. More information on CCRs can be accessed on EPA's Web site at <http://water.epa.gov/lawsregs/rulesregs/sdwa/ccr/index.cfm>.

In August 2011, the Environmental Protection Agency (EPA) finalized its *Improving Our Regulations: Final Plan for Periodic Retrospective Reviews of Existing Regulations* in response to E.O. 13563. Since 1998, when the CCR rule was finalized, the communication of information and the speed with which information can be shared have greatly expanded, along with a corresponding increase in the diversity of communication tools. The EPA included the CCR rule in its retrospective review plan to explore ways to promote greater transparency
