Multilayered Wood Flooring From the People's Republic of China: Amended Antidumping and Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is issuing amended antidumping ("AD") and countervailing duty ("CVD") orders on multilayered wood flooring from the People's Republic of China ("PRC") to remove an incorrect Harmonized Tariff Schedule of the United States ("HTSUS") number from the scope of the orders.

DATES: *Effective Date:* February 3, 2012.

FOR FURTHER INFORMATION CONTACT:

Joshua Morris, AD/CVD Operations, Office 1; Erin Kearney, Brandon Farlander, or Charles Riggle, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1779, (202) 482-0167, (202) 482-0182, or (202) 482-0650, respectively.

Background

Following affirmative final determinations by the Department and the International Trade Commission, the Department published AD and CVD orders on multilayered wood flooring from the PRC on December 8, 2011. *See Multilayered Wood Flooring From the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order*, 76 FR 76690 (December 8, 2011) ("AD Order") and *Multilayered Wood Flooring From the People's Republic of China: Countervailing Duty Order*, 76 FR 76693 (December 8, 2011) ("CVD Order"). Subsequently, the Department discovered that a non-existent HTSUS number (specifically, HTSUS number 4412.31.3175) was listed in the scope of the AD Order and CVD Order.

Scope of the Orders

Multilayered wood flooring is composed of an assembly of two or more layers or plies of wood veneer(s)¹ in combination with a core. The several layers, along with the core, are glued or otherwise bonded together to form a final assembled product. Multilayered wood flooring is often referred to by other terms, *e.g.*, “engineered wood flooring” or “plywood flooring.” Regardless of the particular terminology, all products that meet the description set forth herein are intended for inclusion within the definition of subject merchandise.

All multilayered wood flooring is included within the definition of subject merchandise, without regard to: Dimension (overall thickness, thickness of face ply, thickness of back ply, thickness of core, and thickness of inner plies; width; and length); wood species used for the face, back and inner veneers; core composition; and face grade. Multilayered wood flooring included within the definition of subject merchandise may be unfinished (*i.e.*, without a finally finished surface to protect the face veneer from wear and tear) or “prefinished” (*i.e.*, a coating applied to the face veneer, including, but not exclusively, oil or oil-modified or water-based polyurethanes, ultraviolet light cured polyurethanes, wax, epoxy-ester finishes, moisture-cured urethanes and acid-curing formaldehyde finishes.) The veneers may be also soaked in an acrylic-impregnated finish. All multilayered wood flooring is included within the definition of subject merchandise regardless of whether the face (or back) of the product is smooth, wire brushed, distressed by any method or multiple methods, or hand-scraped. In addition, all multilayered wood flooring is included within the definition of subject merchandise regardless of whether or not it is manufactured with any interlocking or connecting mechanism (for example, tongue-and-groove construction or locking joints). All multilayered wood flooring is included within the definition of the subject merchandise regardless of whether the product meets a particular industry or similar standard.

The core of multilayered wood flooring may be composed of a range of materials, including but not limited to hardwood or softwood veneer, particleboard, medium-density fiberboard, high-density fiberboard (“HDF”), stone and/or plastic

composite, or strips of lumber placed edge-to-edge.

Multilayered wood flooring products generally, but not exclusively, may be in the form of a strip, plank, or other geometrical patterns (*e.g.*, circular, hexagonal). All multilayered wood flooring products are included within this definition regardless of the actual or nominal dimensions or form of the product.

Specifically excluded from the scope are cork flooring and bamboo flooring, regardless of whether any of the sub-surface layers of either flooring are made from wood. Also excluded is laminate flooring. Laminate flooring consists of a top wear layer sheet not made of wood, a decorative paper layer, a core-layer of HDF, and a stabilizing bottom layer.

Imports of the subject merchandise are provided for under the following subheadings of the HTSUS:

purposes, the written description of the subject merchandise is dispositive.

Amended AD and CVD Orders

A ministerial error is defined as “an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial.” See 19 CFR 351.224(f); see also sections 705(e) and 735(e) of the Tariff Act of 1930, as amended (“the Act”), and 19 CFR 351.224(c). HTSUS number 4412.31.3175, which was originally listed in the scope of the petition, does not exist in the schedule. The inclusion of this number in the scope of these orders was an inadvertent ministerial error within the meaning of 19 CFR 351.224(f). Accordingly, this notice amends the *AD Order* and *CVD Order* with respect to the scope of the orders, by removing the non-existent HTSUS number.

These amended orders are issued and published in accordance with sections 736(a) and 706(a) of the Act, 19 CFR 351.224(e) and 19 CFR 351.211.

Dated: January 26, 2012.

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the Department of Commerce (“the Department”) and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

¹ A “veneer” is a thin slice of wood, rotary cut, sliced or sawed from a log, bolt or flitch. Veneer is referred to as a ply when assembled.
