Office of Procurement and Property Management; Agriculture Acquisition Regulation, Labor Law Violations; Withdrawal

AGENCY: Office of Procurement and Property Management, Departmental Management, Department of Agriculture.

ACTION: Direct Final rule; withdrawal.

SUMMARY: Due to the receipt of an adverse comment, the Office of Procurement and Property Management (OPPM) of the Department of Agriculture (USDA) is withdrawing the December 1, 2011, (76 FR 74722) direct final rule adding a new clause to the Agriculture Acquisition Regulation at subpart 422.70 entitled "Labor Law Violations" that would have a contractor certify upon accepting a contract that it is in compliance with all applicable labor laws and that, to the best of its knowledge, its subcontractors of any tier, and suppliers, are also in compliance with all applicable labor laws. The Department stated that in the event of an adverse comment being received by January 30, 2012, the direct final rule would be withdrawn in part or in whole. On January 27, 2012, USDA received a comment. USDA interprets this comment as adverse and, therefore, USDA is withdrawing the direct final rule.

DATES: As of February 6, 2012, the direct final rule published on December 1, 2011, at 76 FR 74722, is withdrawn.

RIN 1018-AU89

Change of Addresses for Regional Offices, Addition of One New Address, and Correction of Names of House and Senate Committees We Must Notify

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Final rule; technical amendment.

SUMMARY: We, the U.S. Fish and Wildlife Service (we, or the Service), are revising our rights-of-way (ROW) general regulations, to update or add addresses of several Service Regional Offices, and to correct the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way. **DATES:** This rule is effective on February 6, 2012.

ADDRESSES: Chief, Division of Realty, National Wildlife Refuge System, U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, Room 622, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: Janet Bruner, (703) 358-2287.

SUPPLEMENTARY INFORMATION: We are revising our ROW general regulations at 50 CFR part 29, which prescribe the procedures for filing applications for ROWs over and across Service-administered lands and the terms and conditions under which we grant these ROWs, to update or add addresses of several Service Regional Offices and to correct the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way.

Section 553 of the Administrative Procedure Act, 5 U.S.C. 553(b)(3)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable,

unnecessary, or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making this rule final without prior proposal and opportunity for comment because we are merely updating the addresses for four of the Service's Regional Offices, adding an address for one of the Service's Regional Offices, and correcting the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way. Thus, notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

In accordance with 5 U.S.C. 553(d), the Service finds there is good cause for this action to become effective immediately upon publication. The immediate effective date for this action is authorized under 5 U.S.C. 553(d)(3), which allows an effective date less than 30 days after publication "as otherwise provided by the agency for good cause found and published with the rule." The purpose of the 30-day waiting period prescribed in section 553(d) is to give affected parties a reasonable time to adjust their behavior and prepare before the final rule takes effect. This rule, however, does not create any new regulatory requirements such that affected parties would need time to prepare before the rule takes effect. Rather, this rule simply updates, corrects, and adds addresses for the Service's Regional Offices, and corrects the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way. For this reason, the Service finds good cause under 5 U.S.C. 553(d)(3) for this action to become effective on the date of publication of this action.

Statutory and Executive Order Reviews

Determination To Issue Final Rule Effective in Less Than 30 Days

We have determined that the public notice and comment provisions of the Administrative Procedure Act, 5 U.S.C. 553(b), do not apply to this rulemaking because the changes being made relate solely to matters of agency organization. We have determined that there is good cause for making this rule final without prior proposal and opportunity for comment because we are merely updating the addresses for four of the

Service's Regional Offices, adding an address for one of the Service's Regional Offices, and correcting the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way. Thus, notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

Review Under Procedural Statutes and Executive Orders

We have reviewed this rule under the following statutes and executive orders governing rulemaking procedures: the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1501 *et seq.*; the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*; the Small Business Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 801 *et seq.*; the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*; the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et seq.*; Executive Order 12630 (Takings); Executive Order 12866 (Regulatory Planning and Review); Executive Order 12988 (Civil Justice Reform); Executive Order 13045 (Economic Significance); Executive Order 13132 (Federalism); Executive Order 13175 (Tribal Consultation); and Executive Order 13211 (Energy Impacts). This rule does not trigger any of the procedural requirements of those statutes and executive orders, since this rule merely updates and adds addresses for Fish and Wildlife Service offices, and corrects the names of the House and Senate Committees we must notify upon receipt of an application for a right-of-way for an oil and gas pipeline that is 24 inches or more in diameter and again before granting a right-of-way.

Other Statutory and Executive Order Reviews

This rule is not subject to Executive Order 12045 (62 FR 19885, April 23, 1997), because it is not economically significant. This action does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 271 *et seq.*) do not apply. This rule also does not require special consideration of issues related to environmental justice as required by Executive Order 12898.

Submission to Congress and the Comptroller General

The Congressional Review Act (CRA) (5 U.S.C. 801 *et seq.*) as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides

that, before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary, or contrary to the public interest. This determination must be supported by a brief statement. 5 U.S.C. 808(2). As stated previously, the Service has made such a good cause finding, including the reasons therefore, and established an effective date immediately upon publication in the **Federal Register**. The Service will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. These updates and the addition to 50 CFR part 29 do not constitute a "major rule" as defined by 5 U.S.C. 804(2).
