DEPARTMENT OF STATE

[Public Notice: 7793]

Defense Trade Advisory Group; Notice of Membership

AGENCY: Department of State.

ACTION: Notice.

The U.S. Department of State’s Bureau of Political-Military Affairs’ Defense Trade Advisory Group (DTAG) is accepting membership applications. The Bureau of Political-Military Affairs is interested in applications from subject matter experts from the United States defense industry, relevant trade and labor associations, academic, and foundation personnel. Originally announced in the Federal Register at 76 FR 72745, the Department is now seeking additional membership applications in order to have a more diverse membership for the 2012–2014 DTAG.

The DTAG was established as a continuing committee under the authority of 22 U.S.C. Sections 2651a and 2656 and the Federal Advisory Committee Act, 5 U.S.C. App. (“FACA”). The purpose of the DTAG is to provide the Bureau of Political-Military Affairs with a formal channel for regular consultation and coordination with U.S. private sector defense exporters and defense trade specialists on issues involving U.S. laws, policies, and regulations for munitions exports. The DTAG advises the Bureau on its support for and regulation of defense trade to help ensure that impediments to legitimate exports are reduced while the foreign policy and national security interests of the United States continue to be protected and advanced in accordance with the Arms Export Control Act (AECA), as amended. Major topics addressed by the DTAG include (a) policy issues on commercial defense trade and technology transfer; (b) regulatory and licensing procedures applicable to defense articles, services, and technical data; (c) technical issues involving the U.S. Munitions List (USML); and (d) questions relating to actions designed to carry out the AECA and International Traffic in Arms Regulations (ITAR).

Members are appointed by the Assistant Secretary of State for Political-Military Affairs on the basis of individual substantive and technical expertise and qualifications, and must be representatives of United States defense industry, relevant trade and labor associations, academic, and foundation personnel. DTAG members will represent the views of their organizations. All DTAG members shall be aware of the Department of State’s mandate that arms transfers must further U.S. national security and foreign policy interests. DTAG members also shall be versed in the complexity of commercial defense trade and industrial competitiveness, and all members must be able to advise the Bureau on these matters. While members are expected to represent their companies or organizations, national security and foreign policy interests of the United States shall be the basis for all policy and technical recommendations. DTAG members’ responsibilities include:

• Service for a consecutive two-year term which may be renewed or terminated at the discretion of the Assistant Secretary of State for Political-Military Affairs (membership shall automatically terminate for members who fail to attend two consecutive DTAG plenary meetings).

• Making recommendations in accordance with the DTAG Charter and the FACA.

• Making policy and technical recommendations within the scope of the U.S. commercial export control regime as mandated in the AECA, the ITAR, and appropriate directives.

Please note that DTAG members may not be reimbursed for travel, per diem, and other expenses incurred in connection with their duties as DTAG members. An individual who is currently registered, or was registered at any time during the period of January 1, 2010 to the present, as a Federal lobbyist is not eligible to serve on the DTAG.

Individuals who applied for membership in response to the Notice at 76 FR 72745 do not need to reapply. Their applications will be considered in conjunction with any application received as a result of this Notice. How to apply: Applications in response to this notice must contain the following information: (1) Name of applicant; (2) affirmation of U.S. citizenship; (3) organizational affiliation and title, as appropriate; (4) mailing address; (5) work telephone number; (6) email address; (7) résumé; (8) summary of qualifications for DTAG membership and (9) confirmation that you have not been registered as a Federal lobbyist at any time from January 1, 2010 to the present.

This information may be provided via two methods:

• Emailed to the following address: SlyghPC@state.gov. In the subject field, please write, “DTAG Application.”

• Send in hardcopy to the following address: Patricia C. Slygh, PM/DDTC, SA–1, 12th Floor, Directorate of Defense Trade Controls, Bureau of Political-Military Affairs, U.S. Department of State, Washington, DC 20522–0112.

All applications must be postmarked by March 1, 2012.

Robert S. Kovac.

Designated Federal Official, Defense Trade Advisory Group, Department of State.

DEPARTMENT OF TRANSPORTATION

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: This notice provides information regarding the FHWA’s finding that a Buy America waiver is appropriate for the use of non-domestic 8’–4” high oxidized stainless steel cable net in New York City.

DATES: The effective date of the waiver is February 8, 2012.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, please contact Mr. Gerald Yakovenko, FHWA Office of Program Administration, (202) 366–1562, or via email at gerald.yakovenko@dot.gov. For legal questions, please contact Mr. Michael Harkins, FHWA Office of the Chief Counsel, (202) 366–4928, or via email at michael.harkins@dot.gov. Office hours for the FHWA are from 8 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded from the Federal Register’s home page at: http://www.archives.gov and the Government
Background

The FHWA’s Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding the FHWA’s finding that a Buy America waiver is appropriate to use non-domestic 8’–0” high oxidized stainless steel cable net safety fence for rehabilitation of High Bridge in New York City.

The special fence design is necessary to meet the unique project development requirements associated with the historic High Bridge which was designated an individual New York City landmark in 1970, and listed on the National Register of Historic Places in 1972. The fence design was reviewed and approved by the New York State Historic Preservation Office and the New York City Landmarks Preservation Commission. The New York City Department of Design and Construction (DDC) determined that there are only two domestic manufacturers/distributors of the cable mesh material and system appurtenances. The steel materials which comprise the mesh product will be manufactured domestically. The mesh cable will be certified domestic-melt stainless steel and will be further pulled into wire domestically; however, there are no domestic manufacturers capable of fabricating the cable mesh. The cable mesh assembly that includes spinning of wire into cable mesh, cutting of the cable, sliding of the ferrules onto the cables at regular intervals, and then precision pressing of the ferrules to hold the cables together, must be completed outside of the U.S.

In accordance with Division A, section 123 of the “Consolidated Appropriations Act, 2010” (Pub. L. 111–117), the FHWA published a notice of intent to issue a waiver on its Web site for 8’–0” high oxidized stainless steel cable net in New York City (http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=60) on July 25, 2011. The FHWA received eleven comments in response to this publication. Seven commenters opposed the waiver request but did not provide information about domestic manufacturers. Three other commenters were in support of the waiver and suggested that if the materials are not available in sufficient quantities of satisfactory quality, the waiver should be supported. The New York City DDC responded to each comment received for this waiver request. During the 15-day comment period, the FHWA conducted additional nationwide review to locate potential domestic manufacturers for the 8’–0” high oxidized stainless steel cable net. Based on all the information available to the agency, the FHWA concludes that there are no domestic manufacturers of 8’–0” high oxidized stainless steel cable net.

In accordance with the provisions of section 117 of the SAFETEA–LU Technical Corrections Act of 2008 (Pub. L. 110–244, 122 Stat. 1572), the FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to the FHWA’s Web site via the link provided to the New York waiver page noted above.

Issued on: January 27, 2012.

Víctor M. Mendez,
Administrator.

Federal Highway Administration

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: This notice provides information regarding the FHWA’s finding that a Buy America waiver is appropriate for the use of non-domestic Motor and Machinery brakes; maximum torque (20,288 ft-lb), Setting (17,000 ft-lb), Brake capacity (17,700 lb) and minimum brake wheel (13”) in the State of Illinois.

In accordance with Division A, section 123 of the “Consolidated Appropriations Act, 2010” (Pub. L. 111–117), the FHWA published a notice of intent to issue a waiver on its Web site for Motor and Machinery brakes; maximum torque (20,288 ft-lb), Setting (17,000 ft-lb), Brake capacity (17,700 lb) and minimum brake wheel (13”) in the State of Illinois. Based on all the information available to the agency, the FHWA concludes that there are no domestic manufacturers of Motor and Machinery brakes; maximum torque (20,288 ft-lb), Setting (17,000 ft-lb), Brake capacity (17,700 lb) and minimum brake wheel (13”) in the State of Illinois.
