SUPPLEMENTARY INFORMATION:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508) further amended the Privacy Act regarding protections for such persons. The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agencies participating in the matching programs;
2. Obtain approval of the matching agreement from the Data Integrity Boards of the participating Federal agencies;
3. Publish notice of the computer matching program in the Federal Register;
(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person’s benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of our computer matching programs comply with the requirements of the Privacy Act, as amended.

Daniel F. Callahan,
Acting Executive Director, Office of Privacy and Disclosure, Office of the General Counsel.

A. Participating Agencies

SSA and the States

B. Purpose of the Matching Program

The purpose of this matching program is to set forth the terms and conditions governing disclosures of records, information, or data (herein collectively referred to as data) by us to State agencies and departments (State agencies) that administer federally funded benefit programs under various provisions of the Social Security Act (Act). The terms and conditions of this agreement ensure that we make such disclosures of data, and the State uses such disclosed data, in accordance with the requirements of the Privacy Act of 1974, as amended by the CMPPA of 1988, 5 U.S.C. 552a.

Under Section 1137 of the Act, States are required to use an income and eligibility verification system to administer specified federally funded benefit programs, including the state-funded state supplementary payment programs under title XVI of the Act. To assist States in determining entitlement to and eligibility for benefits under those programs, as well as other federally funded benefit programs, we disclose certain data about applicants for State benefits from our Privacy Act Systems of Records (SOR) and verify the Social Security numbers (SSN) of the applicants.

Individual agreements with the States describe the information we will disclose and the conditions under which we agree to disclose such information.
