GE Oil & Gas Operations, LLC Including On-Site Leased Workers From Adecco, Argus Technical, Inc., Fox Valley Metrology URS Corp. and CompuCom Oshkosh, WI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on September 28, 2011, applicable to workers of GE Oil & Gas Operations, LLC, including on-site leased workers from Adecco and Argus Technical, Inc., Oshkosh, Wisconsin. The workers are engaged in activities related to the production of high speed reciprocating and centrifugal compressors primarily used in the oil and gas industry. The notice was published in the Federal Register on October 20, 2011 (76 FR 65214).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. New information shows that workers leased from Fox Valley Metrology, URS Corp. and CompuCom were employed on-site at the Oshkosh, Wisconsin location of GE Oil & Gas Operations, LLC. The Department has determined that these workers were sufficiently under the control of GE Oil & Gas Operations, LLC to be considered leased workers.

The intent of the Department’s certification is to include all workers of the subject firm adversely affected by increased company imports of high speed reciprocating and centrifugal compressors primarily used in the oil and gas industry.

Based on these findings, the Department is amending this certification to include workers leased from Fox Valley Metrology, URS Corp. and CompuCom working on-site at the Oshkosh, Wisconsin location of the subject firm.

The amended notice applicable to TA–W–80,396 is hereby issued as follows:

All workers of GE Oil & Gas Operations, LLC, including on-site leased workers from Adecco, Argus Technical, Inc., Fox Valley

StarTek USA, Inc., Alexandria, VA; StarTek USA, Inc., Collinsville, PA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 26, 2011, applicable to workers of StarTek USA, Inc., Alexandria, Louisiana. The workers are engaged in the supply of call center services related to customer care and technical support. The Department’s Notice was published in the Federal Register on February 10, 2011 (76 FR 7587).

On its own motion, the Department reviewed the certification for workers of the subject firm.

New information shows that the Collinsville, Virginia location of StarTek USA, Inc. supplied call center services such as sales and technical support for outside customers of the subject firm, and supports and operates in conjunction with the Alexandria, Louisiana location. Both locations have experienced worker separations during the relevant time period, a decline in customer sales, and were impacted by an increase in imports of call center services to vendors in foreign countries.

Accordingly, the Department is amending the certification to include workers of StarTek USA, Inc., Collinsville, Virginia.

The amended notice applicable to TA–W–75,089 is hereby issued as follows:

All workers of StarTek USA, Inc., Alexandria, Louisiana (TA–W–75,089) and StarTek USA, Inc., Collinsville, Virginia (TA–W–75,089A), who became totally or partially separated from employment on or after January 10, 2010 through January 26, 2013, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.
