DEPARTMENT OF TRANSPORTATION
National Highway Traffic Safety Administration
Reports, Forms, and Recordkeeping Requirements
AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.
ACTION: Request for public comment on proposed collection of information.
SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.
This document describes one collection of information for which NHTSA intends to seek OMB approval.
DATES: Comments must be received on or before April 9, 2012.
ADDRESSES: Comments must refer to the docket notice numbers cited at the beginning of this notice and be submitted to Docket Management, Room W12–140, Floor 1, New Jersey Ave. SE., West Building, Room W12–140, Washington, DC 20590 by any of the following methods.
• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.
• Mail: Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Ave. SE., West Building Ground Floor, Room W12–140, Washington, DC 20590.
• Hand Delivery/Courier: 1200 New Jersey Ave. SE., West Building Ground Floor, Room W12–140, Washington, DC 20590, between 9 am and 5 pm, Monday through Friday, except Federal Holidays. Telephone: 1–800 647–5527.
• Fax: 202 493–2251.
Instructions: For detailed instructions on submitting comments and additional information on the rulemaking process, see the Public Participation heading of the Supplementary Information section of this document. Note that all comments received will be posted without change to http://www.regulations.gov, including any personal information provided. Please see the Privacy Act heading below.
Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT’s complete Privacy Act Statement in the Federal Register published on April 11, 2000 (65FR 19477–78) or you may visit http://www.regulations.gov.
Docket: For access to the docket to read background documents or comments received, go to the street address listed above. The internet access to the docket will be at http://www.regulations.gov. Follow the online instructions for accessing the dockets.
FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Mr. Hisham Mohamed, NHTSA, 1200 New Jersey Ave. SE., West Building, Room W43–437, NVS–131, Washington, DC 20590.
Mr. Mohamed’s telephone number is (202) 366–0307. Please identify the relevant collection of information by referring to its OMB Control Number.
SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the Federal Register providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB’s regulation (5 CFR 1320.8(d)), an agency must ask for public comment on the following:
(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(ii) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
(iii) how to enhance the quality, utility, and clarity of the information to be collected;
(iv) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information for which the agency is seeking approval from OMB:
Title: 49 CFR 575—Consumer Information Regulations (sections 103 and 105).
OMB Control Number: 2127–0049.
AFFECTED PUBLIC: Motor vehicle manufacturers of light trucks and utility vehicles.
Requested Expiration Date of Approval: Three years from approval date.
Abstract: NHTSA must ensure that motor vehicle manufacturers comply with 49 CFR Part 575, Consumer Information Regulation part 575.103, Truck-camper loading and Part 575.105 Utility Vehicles. Part 575.103 requires that manufacturers of light trucks that are capable of accommodating slide-in campers provide information on the cargo weight rating and the longitudinal limits within which the center of gravity for the cargo weight rating should be located. Part 575.105 requires that manufacturers of utility vehicles affix a sticker in a prominent location alerting drivers that the particular handling and maneuvering characteristics of utility vehicles require special driving practices when these vehicles are operated.
Estimated Annual Burden: 300 hours.
Number of Respondents: 15.
Based on prior years’ manufacturer submissions, the agency estimates that 15 responses will be submitted annually. Currently 12 light truck manufacturers comply with 49 CFR part 575. These manufacturers file one response annually and submit a additional response when they introduce a new model. Changes are rarely filed with the agency, but we estimate that at least three manufacturers will alter their information because of model changes. The light truck manufacturers gather only pre-existing data for the purposes of this regulation. Based on previous years’ manufacturer information, the agency estimates that light truck manufacturers use a total of 20 hours to gather and arrange the data in its proper format (9 hours), to distribute the information to its dealerships and attach labels to light trucks that are capable of accommodating slide-in campers (4 hours), and to print the labels and
utility vehicle information in the owner’s manual or a separate document included with the owner’s manual (7 hours). The estimated annual burden hour is 300 hours. This number reflects the total responses (15) times the total hours (20). Prior years’ manufacturer information indicates that it takes an average of $35.00 per hour for professional and clerical staff to gather data, distribute and print material. Therefore, the agency estimates that the cost associated with the burden hours is $10,500 ($35.00 per hour x 300 burden hours).

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department’s estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Christopher J. Bonanti, Associate Administrator for Rulemaking.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for the Department’s performance; (b) the accuracy of the estimated burden; (c) ways for the Department to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

Mary D. Gunnels,
Associate Administrator, Regional Operations and Program Delivery.

DEPARTMENT OF TRANSPORTATION
National Highway Traffic Safety Administration

Agency Requests Approval To Extend Information Collection(s): Section 410 Alcohol Impaired Driving Countermeasures

AGENCY: National Highway Traffic Safety Administration, Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: The Department of Transportation (DOT) invites public comments about our intention to request the Office of Management and Budget (OMB) approval to extend information collection. The collection involves preparation of certifications, and documents detailing how specific grant criteria will be met. The information to be collected will be used to and/or is necessary because it is required under 23 CFR part 1313, to apply for Section 410 grant funds. We are required to publish this notice in the Federal Register by the Paperwork Reduction Act of 1995, Public Law 104–13.

DATES: Written comments should be submitted by April 9, 2012.

ADDRESSES: You may submit comments identified by Docket No. DOT–NHTSA–2012–0012 through one of the following methods:

Fax: 1 (202) 493–2251.

Mail or Hand Delivery: Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except on Federal holidays.

SUPPLEMENTAL INFORMATION:

OMB Control Number: 2127–0021.

Title: 23 CFR, Part 1313, Alcohol Impaired Driving Countermeasures.

Form Numbers: NA.

Type of Review: Collection extension.

Background: An impaired driving incentive grant is available to States that have an alcohol fatality rate of 0.5 or less per 100 million vehicle miles traveled as determined by using the most recent Fatality Analysis Reporting System (FARS) data or that are one of the ten States that have the highest alcohol related fatality rates as determined by using the most recent FARS data. States designated as a high fatality rate State must submit a comprehensive plan for conducting high visibility enforcement and a report on the previous years activities. States may also qualify through meeting specified program criteria. To demonstrate compliance using program criteria, a State must submit an application that shows how they meet the specified criteria. Three of eight criteria are required in FY 2009, four of eight criteria are required in FY 2007, and five of eight criteria are required in FY 2008, FY 2009 and beyond. A State designated as a high fatality rate State may also submit an application to qualify by meeting specified program criteria.

Respondents: 50 States, District of Columbia and Puerto Rico.

Estimated Number of Respondents: 47–50 States, District of Columbia and Puerto Rico.

Estimated Number of Responses: 1–2 applications.

Estimated Total Annual Burden: 1350 hours.
