**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

44 CFR Part 67

[Docket ID FEMA–2011–0002]

**Final Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Final rule.

**SUMMARY:** Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated in the table below.

**ADDRESSES:** The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C
SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Federal Insurance and Mitigation Administrator has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60. Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

BILLING CODE 9110–12–P

Agency.

Security, Federal Emergency Management

Deputy Associate Administrator for

Sandra K. Knight,

97.022, ''Flood Insurance.'')

(Catalog of Federal Domestic Assistance No.

97.022; ‘‘Flood Insurance.’’)

A. Background

The proposed GSAR

at 76 FR 13329, March

GSAR 532.905–70, this coverage is

54915, October 26, 2009, also deleted

GSAR 532.905–70–71, this coverage is

restored at GSAR 532.905–70 vice GSAR

532.905–71.

B. Public Comments

The public comment period closed on

May 10, 2011. Three respondents

submitted comments on the proposed

rule. These responses included a total of

18 comments on 9 issues as stated

below:

Comment: The proposed GSAR

coverage addresses both construction

and building service contracts, so that

each contract type requires the GSA

Form 1142, ‘‘Release of Claims,’’ but

that the proposed language refers only

to the construction payment clause at

FAR 52.232–5, and indicates that this

clause also applies to building services.

Revise GSAR 532.905–70(a) to read as

follows: ‘‘The Government shall pay the

uniformity and consistency in the

release of claims process.

DATES: Effective Date: March 12, 2012.

Sequence 1)

RIN 3090–AJ13

General Services Administration Acquisition

Regulation; Reinstatement of Coverage Pertaining to Final

Payment Under Construction and

Building Service Contracts

AGENCY: General Services

Administration (GSA), Office of

Acquisition Policy.

ACTION: Final rule.

SUMMARY: The General Services

Administration (GSA) is amending the

General Services Administration Acquisition Regulation (GSAR) to

restore guidance on the release of claims after completion of construction and

building service contracts to ensure contractors are paid in accordance with their

contract requirements and for work performed. This guidance, which

prescribed the use of GSA Form 1142, Release of Claims, for releases of claims

under construction and building service contracts, was inadvertently deleted as

part of the Rewrite of GSAR regulations on Contract Financing. GSA contracting

officers have used this form to achieve from the contractor and a witness.

Additionally, there is a location for the firm’s seal.

GSA believes that GSA Form 1142 provides great value and accountability in

providing uniformity and consistency for the release of claims process.

Without the GSA Form 1142, GSA

contracting officers will be required to

verify that contractor release of claims letter includes appropriate wording

before final payment is made, resulting in their devotion of considerable

additional resources to this process. Further, the coverage on deductions

under GSAR 532.905–71 is useful in preventing overpayments to contractors

consistent with the Office of Management and Budget’s efforts to

reduce improper payments and the reissuance of OMB Circular A–123 which

implements the Improper Payments Elimination and Recovery Act

(IPERA, Pub. L. 111–204).

Since the referenced GSAR Rewrite of Part 532 in the Federal Register at 74 FR

54915, October 26, 2009, also deleted GSAR 532.905–70, this coverage is

restored at GSAR 532.905–70 vice GSAR

532.905–71.
