BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2011-0002]

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being

already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C

Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Federal Insurance and Mitigation Administrator has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for

each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

State	City/town/county	Source of flooding	Location	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL) Modified
Unincorporated Areas of Nowata County, Oklahoma Docket No.: FEMA-B-1171				
Oklahoma	Unincorporated Areas of Nowata County.	Southwest Tributary	At the downstream side of E0230 Road ..	+687
			Approximately 0.4 mile upstream of E0230 Road.	+696

* National Geodetic Vertical Datum.
+ North American Vertical Datum.
Depth in feet above ground.
^ Mean Sea Level, rounded to the nearest 0.1 meter.

General Services Administration Acquisition Regulation; Reinstatement of Coverage Pertaining to Final Payment Under Construction and Building Service Contracts

AGENCY: General Services Administration (GSA), Office of Acquisition Policy.

ACTION: Final rule.

SUMMARY: The General Services Administration (GSA) is amending the General Services Administration Acquisition Regulation (GSAR) to restore guidance on the release of claims after completion of construction and building service contracts to ensure contractors are paid in accordance with their contract requirements and for work performed. This guidance, which prescribed the use of GSA Form 1142, Release of Claims, for releases of claims under construction and building service contracts, was inadvertently deleted as part of the Rewrite of GSAR regulations on Contract Financing. GSA contracting officers have used this form to achieve

uniformity and consistency in the release of claims process.

DATES: *Effective Date:* March 12, 2012.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Mr. Edward N. Chambers, Procurement Analyst, at (202) 501-3221, or by email at edward.chambers@gsa.gov. For information pertaining to status or publication schedules, contact the Regulatory Secretariat (MVCB), 1275 First Street, 7th Floor, Washington, DC 20417, (202) 501-4755. Please cite GSAR Amendment 2012-01, GSAR Case 2010-G509.

SUPPLEMENTARY INFORMATION:

A. Background

GSA issued a proposed rule in the **Federal Register** at 76 FR 13329, March 11, 2011 to restore coverage on making final payments under construction and building service contracts. A release of claims is a requirement under GSAR clause 552.232-72, Final Payment, precedent to making final payment under construction and building service contracts. GSA contracting officers have relied upon GSA Form 1142 to obtain the release of claims under these contracts. However, GSAR 532.905-71 which prescribed the use of GSA Form 1142 for releases of claims under construction and building service contracts was inadvertently deleted as part of the Rewrite of GSAR Part 532, Contract Financing published in the **Federal Register** at 74 FR 54915, October 29, 2009, GSAR Case 2006-G515. GSAR 532.905-71 also provided guidance on deductions to final payments under construction and building service contracts.

The GSA Form 1142, Release of Claims, uses standard language for contractors to attest that it has no claims, or no claims except for those they may set forth where indicated on the form. The form requires a signature

from the contractor and a witness.

Additionally, there is a location for the firm's seal.

GSA believes that GSA Form 1142 provides great value and accountability in providing uniformity and consistency for the release of claims process. Without the GSA Form 1142, GSA contracting officers will be required to verify that contractor release of claims letter includes appropriate wording before final payment is made, resulting in their devotion of considerable additional resources to this process. Further, the coverage on deductions under GSAR 532.905-71 is useful in preventing overpayments to contractors consistent with the Office of Management and Budget's efforts to reduce improper payments and the reissuance of OMB Circular A-123 which implements the Improper Payments Elimination and Recovery Act (IPERA, Pub. L. 111-204).

Since the referenced GSAR Rewrite of Part 532 in the **Federal Register** at 74 FR 54915, October 26, 2009, also deleted GSAR 532.905-70, this coverage is restored at GSAR 532.905-70 vice GSAR 532.905-71.

B. Public Comments

The public comment period closed on May 10, 2011. Three respondents submitted comments on the proposed rule. These responses included a total of 18 comments on 9 issues as stated below:

Comment: The proposed GSAR coverage addresses both construction and building service contracts, so that each contract type requires the GSA Form 1142, "Release of Claims," but that the proposed language refers only to the construction payment clause at FAR 52.232-5, and indicates that this clause also applies to building services. Revise GSAR 532.905-70(a) to read as follows: "The Government shall pay the
