FEDERAL ENERGY REGULATORY COMMISSION  
[Docket No. IC12–5–000]

Commission Information Collection Activities (FERC–65, FERC–65A, and FERC–65B); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice of information collection and request for comments.

DATES: Comments on the collections of information are due April 16, 2012.

ADDRESSES: You may submit comments (identified by Docket No. IC12–5–000) by either of the following methods:
- eFiling at Commission’s Web Site: http://www.ferc.gov/docs-filing/docs-filing.asp

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at: http://www.ferc.gov/help/submission-guide.asp. For user assistance contact FERC Online Support by email at ferconlinesupport@ferc.gov, or by phone: (866) 208–3676 (toll-free), or (202) 502–8659 for TTY.

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at http://www.ferc.gov/docs-filing/docs-filing.asp.

FOR FURTHER INFORMATION CONTACT: Ellen Brown may be reached by email at DataClearance@FERC.gov, telephone at (202) 502–8663, and fax at (202) 273–0873.

SUPPLEMENTARY INFORMATION:

Title: Notification of Holding Company Status (FERC–65), Exemption Notification of Holding Company Status (FERC–65A), and Waiver Notification of Holding Company Status (FERC–65B).

OMB Control No.: 1902–0218 (FERC–65), 1902–0216 (FERC–65A), and 1902–0217 (FERC–65B).1

Type of Request: Three-year extension of the FERC–65, FERC–65A, and FERC–65B information collection requirements with no changes to the current reporting requirements.

Abstract:

FERC–65 (Notification of Holding Company Status)

The FERC–65 is a one-time informational filing outlined in the Commission’s regulations at 18 Code of Federal Regulations (CFR) 366.4. The FERC–65 must be submitted within 30 days of becoming a holding company. The Commission does not require the information to be reported in a specific format. The filing consists of the name of the holding company, the name of public utilities, the name of natural gas companies in the holding company system, and the names of service companies. The Commission requires the filing to include the names of special-purpose subsidiaries (which provide non-power goods and services) and the names of all affiliates and subsidiaries (and their corporate interrelationship) to each other. Filings may be submitted in hardcopy or electronically through the Commission’s eFiling system.

FERC–65A (Exemption Notification of Holding Company Status)

While noting the previously outlined requirements of the FERC–65, the Commission has allowed for an exemption from the requirement of providing the Commission with a FERC–65 if the books, accounts, memoranda, and other records of any person are not relevant to the jurisdictional rates of a public utility or natural gas company; or if any class of transactions is not relevant to the jurisdictional rates of a public utility or natural gas company. Companies seeking this exemption file the FERC–65A. Commission regulations within 18 CFR 366.3 describe the criteria in more specificity.

FERC–65B (Waiver Notification of Holding Company Status)

Entities may file a FERC–65B pursuant to the notification procedures contained in 18 CFR 366.4 to obtain a waiver from the requirement of providing the Commission with a FERC–65 if they meet the requirements in 18 CFR 366.3(c). Specifically, the Commission waives the requirement of providing it with a FERC–65 for any holding company with respect to one or more of the following: (1) Single-state holding company systems; (2) holding companies that own generating facilities that total 100 MW or less in size and are used fundamentally for their own load or for sales to affiliated end-users; or (3) investors in independent transmission-only companies. Filings may be made in hardcopy or electronically through the Commission’s Web site.

Type of Respondents: Public utility companies, natural gas companies, electric wholesale generators, foreign utility holding companies.

Estimate of Annual Burden:2: The Commission estimates the total Public Reporting Burden for this information collection as:

<table>
<thead>
<tr>
<th>Number of respondents</th>
<th>Number of responses per respondent</th>
<th>Total number of responses</th>
<th>Average burden hours per response</th>
<th>Estimated total annual burden (hours)</th>
</tr>
</thead>
<tbody>
<tr>
<td>FERC–65 Notification of Holding Company Status</td>
<td>8</td>
<td>1</td>
<td>8</td>
<td>3</td>
</tr>
<tr>
<td>FERC–65A Exemption Notification</td>
<td>1</td>
<td>1</td>
<td>1</td>
<td>1</td>
</tr>
</tbody>
</table>

1 In conjunction with the renewal process, the Commission intends to request OMB approval to combine all three collections under one OMB Control Number. This should simplify the FERC administrative burden of processing these information collection requirements.

2 Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, reference 5 CFR 1320.3.

[Project No. 349–173]

Alabama Power Company: Notice of Application Accepted for Filing, Soliciting Motions To Intervene and Protests, Ready for Environmental Analysis, and Soliciting Comments, Recommendations, Preliminary Terms and Conditions, and Preliminary Fishway Prescriptions

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. Type of Application: New Major License.
b. Project No.: 349–173.
c. Date filed: June 8, 2011.
d. Applicant: Alabama Power Company (Alabama Power)
e. Name of Project: Martin Dam Hydroelectric Project.
f. Location: The existing Martin Dam Project is located on the Tallapoosa River in northeast Alabama, in Tallapoosa, Coosa, and Elmore Counties, Alabama, near the cities of Alexander City and Dadeville, Alabama. The project occupied 1.36 acres of federal lands.
g. Filed Pursuant to: Federal Power Act 16 U.S.C. 791 (a)–825(r)
h. Applicant Contacts: Theodore J. McCullough, Senior Vice President and Senior Production Officer, Alabama Power Company, 600 North 18th Street, P.O. Box 2641, Birmingham, AL 35291, telephone (205) 257–8180; James F. Crew, Manager, Hydro Services, Alabama Power Company, 600 North 18th Street, P.O. Box 2641, Birmingham, AL 35291, telephone (205) 257–4265.
i. FERC Contact: Jennifer Adams, (205) 502–8087 or jennifer.adams@ferc.gov
j. Deadline for filing motions to intervene and protests, comments, recommendations, preliminary terms and conditions, and preliminary prescriptions: 60 days from the issuance date of this notice; reply comments are due 105 days from the issuance date of this notice.

Motions to intervene, protests, comments, recommendations, preliminary terms and conditions, and preliminary fishway prescriptions may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site http://www.ferc.gov/docs-filing/ecomment.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERConlineSupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The Commission’s Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted for filing and is now ready for environmental analysis.

l. Project Description: The existing Martin Dam Project is located at river mile 420.0 on the Tallapoosa River near the cities of Alexander City and Dadeville, Alabama. Martin dam impounds about 31 miles of the Tallapoosa River, forming Martin reservoir (or Lake Martin), a 41,150-acre reservoir with (a) 880 miles of shoreline, (b) a gross storage capacity of 1,622,000 acre-feet, and (c) active storage of 1,381,077 acre-feet at a 45.5-foot drawdown.

The Martin Dam Project consists of:

1. A 2,000-foot-long, 168-foot-high concrete gravity dam and an earth dike section, and includes (a) a 720-foot-long gated spillway section with 20 vertical lift spillway gates, each measuring 30 feet wide by 16 feet high; (b) a 250-foot-long concrete gravity intake structure, (c) a 255-foot-long concrete gravity non-overflow section, and (d) an approximately 1,000-foot-long earth embankment; (2) a reservoir with a surface area of 41,150 acres at normal full pool elevation of 491 feet mean sea level (msl); (3) bedworks containing four steel penstocks and 12 intake gates,
