FARM CREDIT ADMINISTRATION

12 CFR Part 630

RIN 3052–AC77

Disclosure to Investors in System-wide and Consolidated Bank Debt

Obligations of the Farm Credit System

AGENCY: Farm Credit Administration.

ACTION: Proposed rule.

SUMMARY: The Farm Credit Administration (FCA, us, we, or our) proposes to amend our regulations related to the Federal Farm Credit Banks Funding Corporation (Funding Corporation) System Audit Committee (SAC) and the Farm Credit System (System) annual report to investors. The proposed rule would remove the provision that a two-thirds majority vote of the Funding Corporation board of directors be required to deny a request for resources by the SAC to engage independent legal counsel, outside advisors or consultants. The proposed rule would instead require appropriate funding to the SAC to perform these duties, quarterly reporting by the SAC to the Funding Corporation board on resources used, and annual reporting to investors.

SUPPLEMENTARY INFORMATION:

I. Objectives

The objectives of this proposed rule are to:

• Allow the SAC unrestricted access to resources to engage legal counsel, consultants and outside advisors,

• Ensure that investors are provided transparent and complete disclosure on the safe and sound use of resources by the SAC, and

• Clarify that the appointment, compensation, and retention of the external auditor for the System-wide reports cannot be changed without the agreement of both the SAC and the Funding Corporation board.

II. Background

The Farm Credit Act of 1971, as amended (Act),1 authorizes the FCA to issue regulations implementing the Act’s provisions.2 Our regulations are intended to ensure the safe and sound operations of System institutions and to govern the disclosure of financial information to shareholders of, and investors in, the System. In 2006, we issued a final rulemaking on the governance of System institutions.3 Those regulations changed the structure, responsibilities, and authority of existing audit committees at the banks and the SAC, and it required audit committees at System associations.

We explained in our 2006 rulemaking that an audit committee is the guardian of an institution’s financial integrity, and its independence is essential to investor confidence in the transparency of audited financial statements. The 2006 rulemaking required that audit committees at banks and associations be comprised solely of well-qualified board members,4 but made an exception to the composition of the SAC. Section 630.6(a) requires that only one-third of the SAC membership be composed of directors from the Funding Corporation board. This exception was in response to comments received on the 2006 rulemaking that audit committee composition derived solely from the board of directors may be appropriate for individual System institutions, but not for the SAC. Commenters believed that the duties of the SAC require broader representation and greater financial experience of its members due to its oversight for the preparation of System combined financial statements.

The 2006 rulemaking required that the SAC be permitted to contract for independent legal counsel and expert advisers and that the Funding Corporation provide monetary and nonmonetary resources for these activities. Also, the rulemaking required

2 12 U.S.C. 2252(a)(6), (9) and (10).
3 71 FR 5740 (Feb. 2, 2006).
4 Section 620.6 of the FCA’s regulations states, “[e]ach member of an audit committee must be a member of the Farm Credit institution’s board of directors * * * All committee members should be knowledgeable in at least one of the following: public and corporate finance, financial reporting and disclosure, or accounting procedures.”
a two-thirds super majority vote, in lieu of a simple majority vote, of the full Funding Corporation board to deny an SAC request for resources. In a petition dated May 2010, the SAC requested that we amend § 630.6 to allow it unfettered ability to engage outside advisors, consultants and legal counsel in the performance of its duties. On November 18, 2010, we issued an advance notice of proposed rulemaking (ANPRM) on senior officer compensation disclosures. Part of the information for the development of a proposed rulemaking, the ANPRM discussed the authority of the SAC to obtain resources. Among the comment letters received in response to the ANPRM, several responders, including the Farm Credit Council (Council) acting for its membership, and the Funding Corporation, addressed the ability of the SAC to have unfettered ability to access resources. The Council expressed the view of its membership that existing FCA regulations appropriately balance audit committee need with the board’s ultimate responsibility to the customer-shareholder for the safety and financial stability of the institution. However, the Council also noted that its membership supported the SAC’s request. This proposed rule would expand the authority of the SAC related to its use of Funding Corporation resources for consultants, legal counsel and outside advisors. In its petition, the SAC asserted that expanding its authority on the use of resources would:

- Avoid any future potential conflict that could arise between it and the Funding Corporation board on SAC requests for resources,
- Enhance its independence, and
- Promote the integrity of the System both in fact and perception to investors in System-wide debt securities.

We considered these views in proposing this rule. The rule proposes that the SAC report to the board at least quarterly on the use of resources, and the Funding Corporation disclose the uses and their benefits in the System annual report. Furthermore, we propose to clarify that the SAC appoint, compensate, retain and oversee the System’s independent actuaries, outside advisors and other services performed on behalf of the SAC. We propose that fees paid for the audit of the combined System-wide financial statements and any fees under $5,000 per category need not be disclosed. In addition to disclosing the name of SAC members, we propose that experience and compensation for each member be included in the annual report. We propose this change for consistency with audit committee disclosures required at the bank and association level.

IV. Regulatory Flexibility Act

Pursuant to section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), the FCA hereby certifies that the proposed rule would not have a significant economic impact on a substantial number of small entities. Each of the banks in the Farm Credit System, considered together with its affiliated associations, has assets and annual income in excess of the amounts that would qualify them as small entities. Therefore, Farm Credit System institutions are not “small entities” as defined in the Regulatory Flexibility Act.

RIN 2120–AA64

Airworthiness Directives; Fokker Services B.V. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for all Fokker Services B.V. Model F.28 Mark 0070 and 0100 airplanes. This proposed AD was prompted by an in-flight failure of the hydraulic control panel, which resulted in the absence of pressure and quantity indication of the hydraulic system and accompanying alerts for “hydraulic system 1 low quantity” and “hydraulic system 2 low quantity.” This proposed AD would require implementing new abnormal procedures for hydraulics in the airplane flight manual (AFM). We are proposing this AD to prevent loss of control of the airplane due to incorrect hydraulic system failure information being provided to the flightcrew, followed by application of inappropriate procedures.

DATES: We must receive comments on this proposed AD by March 30, 2012.

ADDRESSES: You may send comments by any of the following methods:

• Federal eRulemaking Portal: Go to http://www.regulations.gov. Follow the instructions for submitting comments.
