#### SUPPLEMENTARY INFORMATION:

##### Summary of Information Collection

This new form replaces the Application for Commission in the U.S. Navy/U.S. Navy Reserve, and collects less information than the current form requires. The reason for implementing this new form is that even though most of the information is already gathered by the Standard Form 86, Questionnaire for National Security Positions, OMB Control Number 3206-0005, and is already in the system there are still several bits of information needed for the boards to base their selection decisions on.

*Type of Review:* Revision.

*Title of Collection:* Integrated Evaluation of American Recovery and Reinvestment Act (ARRA) Funding, Implementation and Outcomes.

*OMB Control Number:* 1850-0877.

*Total Estimated Number of Annual Responses:* 5,551.

*Total Estimated Annual Burden Hours:* 5,039.

*Abstract:* On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act (ARRA) into law (Pub. L. 111-50). ARRA supports investments in innovative strategies that are intended to lead to improved results for students, long-term gains in school and local education agency capacity for success, and increased productivity and effectiveness.

This evaluation will focus on answering three sets of policy/research questions:

- To what extent did ARRA funds go to the intended recipients?
- Is ARRA associated with the implementation of the key reform strategies it promoted?
- What implementation supports and challenges are associated with ARRA?

The integrated evaluation will draw on existing data, including U.S. Department of Education (ED) data collections, ED ARRA program files, ARRA required reporting, and databases of achievement and other outcomes. The evaluation will also collect new information through surveys of (1) the 50 states and the District of Columbia, (2) a nationally representative sample of school districts, and (3) a nationally representative sample of schools within the sampled school districts. Surveys

were conducted in spring 2011 and are planned for spring 2012.

A report will be prepared to describe the distribution of funding. A report and state tabulations will be prepared after each annual survey. The first report, based on the 2011 surveys, will focus on early ARRA implementation and strategies. The second report, based on the 2012 surveys, will expand upon strategies implemented under ARRA.
