It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

14 CFR Part 97

[Docket No. 30827; Amdt. No. 3465]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective February 16, 2012. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of February 16, 2012.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

- For Examination—*
1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue SW., Washington, DC 20591;
 2. The FAA Regional Office of the region in which the affected airport is located;
 3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or
 4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.
- Availability—*All SIAPs are available online free of charge. Visit nfdc.faa.gov

to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

FOR FURTHER INFORMATION CONTACT: Richard A. Dunham III, Flight Procedure Standards Branch (AFS-420) Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125), telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This rule amends Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), and is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of Title 14 of the Code of Federal Regulations.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAP and the corresponding effective dates.

This amendment also identifies the airport and its location, the procedure and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034;

February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

RIN 2502-AJ01

Federal Housing Administration (FHA): Suspension of Section 238(c) Single-Family Mortgage Insurance in Military Impacted Areas

AGENCY: Office of the Assistant Secretary of Housing—Federal Housing Commissioner, HUD.

ACTION: Final rule.

SUMMARY: On August 30, 2011, HUD published a proposed rule to suspend FHA's mortgage insurance program for military impacted areas under section 238(c) of the National Housing Act. This single-family mortgage insurance program, established by regulation in 1977, has been significantly underutilized for the past several years. Additionally, these mortgage loans are insured under comparable terms and conditions as loans insured under HUD's primary single-family mortgage insurance program under section 203(b) of the National Housing Act. Accordingly, those borrowers who would be served under section 238(c) of the National Housing Act are served equally well under the section 203(b) mortgage insurance program. The suspension of this mortgage insurance program is consistent with the President's budget requests for Fiscal Years (FYs) 2011 and 2012. In this final rule, HUD is adopting the proposed rule without change.

DATES: *Effective Date:* March 19, 2012.

SUPPLEMENTARY INFORMATION:

I. Background—The Proposed Rule

On August 30, 2011, HUD published a proposed rule in the **Federal Register** (76 FR 53851) to suspend FHA's mortgage insurance program for military impacted areas under section 238(c) of the National Housing Act (Act). Section 238(c) of the Act (12 U.S.C. 1715z-3(c)) was added by the Housing and Community Development Act of 1977 (Pub. L. 95-128) to authorize HUD to insure mortgages executed in connection with the construction, repair, rehabilitation, or purchase of property located near any installation of the Armed Forces of the United States in federally impacted areas in which conditions are such that one or more of the applicable insuring requirements under another single-family mortgage insurance program cannot be met.

HUD's current regulation implementing section 238(c) is codified at 24 CFR 203.43e. The regulation, promulgated in 1977, closely tracks the language of section 238(c) of the Act. Although established to ensure the availability of affordable housing in military impacted areas, the program has been minimally utilized by eligible borrowers. Section 238(c) mortgage insurance has been available in only six counties throughout the country, three in Georgia and three in New York. From January 1, 2005, to June 30, 2010, FHA insured 4,542 single-family home loans in these six counties, and only 2,309 were endorsed under section 238(c) of the Act. The 2,309 loans endorsed since 2005 represent only .05 percent of all FHA-insured loans endorsed during that span.

The President's budget requests for FYs 2011 and 2012 acknowledged the underutilization of the section 238(c) program and advised that HUD would take action to halt the availability of the program in light of the significant underutilization. The FY 2011 budget request found at <http://www.gpoaccess.gov/usbudget/fy11/index.html> states the following:

The Budget assumes that HUD will administratively suspend the Section 238(c) program in 2011. The Section 238(c) program provides single family mortgage insurance similar to MMI for a small number of families in areas affected by military installations. The elimination of Section 238(c) will not negatively impact the availability of FHA insured financing in the six counties currently covered under this program. (See

HUD Appendix to the Budget at page 620 at <http://www.gpoaccess.gov/usbudget/fy11/appendix.html>).¹

II. This Final Rule

This final rule follows publication of the August 30, 2011, proposed rule. The proposed rule provided for a 60-day public comment period, which closed on October 31, 2011. HUD did not receive any public comments, and HUD is adopting as final the proposed August 30, 2011, rule without change.

Consistent with the President's budget request and Executive Order (EO) 13563, entitled "Improving Regulation and Regulatory Review," signed by the President on January 18, 2011, and published on January 21, 2011, at 76 FR 3821, this final rule suspends the section 238(c) program and removes § 203.43e from HUD's codified regulations. HUD's removal of the regulations at § 203.43e is not inconsistent with suspension of the section 238(c) mortgage insurance program. If HUD subsequently determines that there is a demand for this program and that military families would be better served by this program, HUD can reactivate it on the basis of the statutory language and does not need a regulation to make insurance available under this program. If such a situation occurs, HUD would notify the public through **Federal Register** notice that the program has been activated, so that eligible borrowers would be able to inquire about the availability of insurance under this program from their lenders. HUD notes that the removal of the regulations at § 203.43e would have no impact on loans already endorsed for FHA insurance under the section 238(c) program.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements, unless the agency certifies that the rule will not have a significant
