

and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 98,456.

Frequency of response: Occasionally.

Estimated total average number of responses for each respondent: once.

Estimated total annual burden hours: 295,756.

Estimated total annual costs: \$68,719 includes annualized capital or O&M costs.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: February 8, 2012.

R. Craig Matthiessen,

Acting Director, Office of Emergency Management.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2003-0052; FRL-9632-1]

Agency Information Collection Activities; Proposed Collection; Comment Request; Risk Management Program Requirements and Petitions To Modify the List of Regulated Substances Under Section 112(r) of the Clean Air Act (CAA)

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on July 31, 2012. Before submitting the ICR to OMB for review and approval, EPA is

soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before April 16, 2012.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-2003-0052, by one of the following methods:

- *www.regulations.gov:* Follow the on-line instructions for submitting comments.
- *Email:* a-and-r-Docket@epa.gov.
- *Fax:* (202) 566-9744.
- *Mail:* Air Docket, Environmental Protection Agency, Mail code: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.
- *Hand Delivery:* Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2003-0052. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: Sicy Jacob, Office of Emergency

Management, Mail code 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-8019; fax number: (202) 564-2625; email address: jacob.sicy@epa.gov.

SUPPLEMENTARY INFORMATION:

How can I access the docket and/or submit comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2003-0052 which is available for online viewing at www.regulations.gov, or in person viewing at the Air Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Air Docket is (202) 566-1742.

Use www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What information is EPA particularly interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA

could make to reduce the paperwork burden for very small businesses affected by this collection.

What should I consider when I prepare my comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What information collection activity or ICR does this apply to?

Docket ID No. EPA-HQ-OAR-2003-0052.

Affected entities: Entities potentially affected by this action are chemical manufacturers, petroleum refineries, water treatment systems, non-chemical manufacturers, etc.

Title: Risk Management Program Requirements and Petitions to Modify the List of Regulated Substances under Section 112(r) of the Clean Air Act.

ICR number: EPA ICR No. 1656.14, OMB Control No. 2050-0144.

ICR status: This ICR is currently scheduled to expire on July 31, 2012. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The 1990 CAA Amendments added section 112(r) to provide for the prevention and mitigation of accidental releases. Section 112(r) mandates that EPA promulgate a list of "regulated

substances" with threshold quantities and establish procedures for the addition and deletion of substances from the list of regulated substances. Processes at stationary sources that contain more than a threshold quantity of a regulated substance are subject to accidental release prevention regulations promulgated under CAA section 112(r)(7). These two rules are codified as 40 CFR part 68. Part 68 requires that sources with more than a threshold quantity of a regulated substance in a process develop and implement a risk management program and submit a risk management plan to EPA. The compliance schedule for the part 68 requirements was established by rule on June 20, 1996. The burden to sources that are currently covered by part 68, for initial rule compliance, including rule familiarization and program implementation was accounted for in previous ICRs. Sources submitted their first RMPs on June 21, 1999. For most sources, the next compliance deadlines occurred thereafter at 5 year intervals—on June 21, 2004, and subsequently on June 21, 2009. Some sources revised and submitted their RMPs between the five-year deadlines. These sources were then assigned a new five-year compliance deadline based on the date of their most recent revised plan submission. The next submission deadline of RMPs for most sources is June 21, 2014. However, as only some regulated entities have a compliance deadline of June 2014, the remaining sources have been assigned a deadline in 2013, 2015, 2016 or 2017 (the last two years are after the period covered by this ICR) based on the date of their most recent submission. The period covered by this ICR includes the regulatory reporting deadline, June 2014. In this ICR, EPA has accounted for burden for new sources that may become subject to the regulations, currently covered sources with compliance deadlines in this ICR period (2013 to 2015), sources that are out of compliance since the last regulatory deadline but are expected to comply during this ICR period, and sources that have deadlines beyond this ICR period but are required to comply with certain prevention program documentation requirements.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9.

The EPA would like to solicit comments to:

- (i) Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and

- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The burden and costs stated below are from the current approved ICR. The public reporting burden will depend on the size of the sources complying with 40 CFR part 68 requirements. In this ICR, the public reporting burden for rule familiarization for new sources is estimated to range from 12 to 32 hours per source. The public reporting burden to prepare and submit an RMP for new sources is estimated to range from 8.25 to 33 hours. The public reporting burden for new sources to develop a prevention program is estimated to range from 7 to 188 hours per source. The public reporting burden for those sources that claim CBI is estimated to be 9.5 hours per source. The public reporting burden for currently covered sources to prepare and submit an RMP is estimated to range from 5 to 28 hours. The public record keeping burden to maintain on-site documentation for currently covered sources is estimated to range from 4.5 to 124 hours. The total annual public reporting burden for all sources is 84,729 hours (254,187 hours over three years). The total annual burden estimated for 16 implementing agencies is 9,253 hours (27,759 hours for three years). Therefore, the total annual burden for all sources and states is estimated to be 93,982 hours (281,946 hours for three years).

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and

requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 4,589 for this ICR period.

Frequency of response: Every five years, unless the facilities need to update their previous submission earlier to comply with a rule requirement.

Estimated total average number of responses for each respondent: One.

Estimated total annual burden hours: 93,982 Hours including burden for implementing agencies.

Estimated total annual costs: \$9,785,371.00. There are no capital or operating and maintenance costs associated with this ICR since all sources are required to submit RMPs on-line using the electronic reporting system, RMP*eSubmit.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: February 8, 2012.

R. Craig Matthiessen,

Acting Director, Office of Emergency Management.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9633-1]

California State Motor Vehicle and Nonroad Engine Pollution Control Standards; Truck Idling Requirements; Notice of Decision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Decision.

SUMMARY: EPA has granted the California Air Resources Board (CARB)

its request for a waiver of preemption and authorization to adopt and enforce California's Truck Idling Requirements. CARB's Truck Idling Requirements apply to new California-certified 2008 and subsequent model year heavy-duty diesel engines in heavy-duty diesel vehicles with a gross vehicle weight rating over 14,000 pounds, and to in-use diesel-fueled commercial vehicles with gross vehicle weight ratings over 10,000 pounds that are equipped with sleeper berths.

DATES: Petitions for review must be filed by April 16, 2012.

ADDRESSES: EPA has established a docket for this action under Docket ID EPA-HQ-OAR-2010-0317. All documents relied upon in making this decision, including those submitted to EPA by CARB, and public comments, are contained in the public docket. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Air and Radiation Docket in the EPA Headquarters Library, EPA West Building, Room 3334, located at 1301 Constitution Avenue NW., Washington, DC. The Public Reading Room is open to the public on all federal government working days from 8:30 a.m. to 4:30 p.m.; generally, it is open Monday through Friday, excluding holidays. The telephone number for the Reading Room is (202) 566-1744. The Air and Radiation Docket and Information Center's Web site is <http://www.epa.gov/oar/docket.html>. The electronic mail (email) address for the Air and Radiation Docket is: a-and-r-Docket@epa.gov, the telephone number is (202) 566-1744, and the fax number is (202) 566-9744. An electronic version of the public docket is available through the federal government's electronic public docket and comment system. You may access EPA dockets at <http://www.regulations.gov>. After opening the www.regulations.gov Web site, enter EPA-HQ-OAR-2010-0317 in the "Enter Keyword or ID" fill-in box to view documents in the record. Although a part of the official docket, the public docket does not include Confidential Business Information ("CBI") or other information whose disclosure is restricted by statute.

EPA's Office of Transportation and Air Quality ("OTAQ") maintains a Web page that contains general information on its review of California waiver requests. Included on that page are links to prior waiver **Federal Register** notices, some of which are cited in today's notice; the page can be accessed at <http://www.epa.gov/otaq/cafr.htm>.

FOR FURTHER INFORMATION CONTACT:

Kristien G. Knapp, Attorney-Advisor, Compliance and Innovative Strategies Division, Office of Transportation and Air Quality, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue (6405J), NW., Washington, DC 20460. Telephone: (202) 343-9949. Fax: (202) 343-2800. Email: knapp.kristien@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

A. California's Truck Idling Requirements

By letter dated May 9, 2008, CARB informed EPA that it had adopted its Truck Idling Requirements, and requested that EPA confirm that certain provisions of the requirements are not preempted by sections 209(a) of the Clean Air Act (Act); certain provisions are conditions precedent pursuant to section 209(a) of the Act;¹ certain provisions are within-the-scope of previous waivers and authorizations issued pursuant to sections 209(b) and 209(e) of the Act, respectively; and at least one provision requires and merits a full authorization pursuant to section 209(e) of the Act.² CARB's 2008 Truck Idling Requirements became effective California state law on November 15, 2006, amending title 13, California Code of Regulations (CCR) sections 1956.8, 2404, 2424, 2425, and 2485.³

CARB's Truck Idling Requirements consist of three elements: (1) "New engine requirements" that require new California-certified 2008 and subsequent model year on-road diesel engines in vehicles with a gross vehicle weight rating (GVWR) greater than 14,000 pounds (*i.e.*, heavy-duty diesel vehicles or "HDDV"s) be equipped with a system that automatically shuts down the engine after five minutes of continuous idling; (2) "sleeper truck requirements" that require the operator of a sleeper truck to manually shut down the engine after five minutes of continuous idling;

¹ EPA can confirm that a California requirement is a condition precedent to sale, titling, or registration, if: (1) the requirements do not constitute new or different standards or accompanying enforcement procedures, and (2) the requirements do not affect the basis for the previous waiver decision.

² California Air Resources Board (CARB) Letter to EPA regarding, "Requirements to Reduce Idling Emissions From New and In-Use Trucks, Beginning in 2008; Request for Confirmation That Certain Requirements are not Subject to Preemption Under Clean Air Act Section 209(a) or Fall Within the Scope of Previously Granted Waivers and Authorizations, and Request for New Authorization Under Section 209(e)(2)." EPA-HQ-OAR-2010-0317-0001.

³ See California Air Resources Board (CARB), "Final Regulation Order," EPA-HQ-OAR-2010-0317-0011.
