

area of the potentially eligible blocks, and the total number of road miles in each of the road mile categories. The Bureaus note that the U.S. Census Bureau has not yet released 2010 Census block-level data for American Samoa, the Commonwealth of the Northern Mariana Islands, and Guam. Consequently, the population of the unserved blocks in these territories is not provided in the Attachment A files.

5. As noted in the *Auction 901 Comment Public Notice*, for Auction 901, the Bureaus will use road miles from the Census Bureau's TIGER data for calculating the units in each eligible census block for purposes of comparing bids and measuring performance of Mobility Fund Phase I recipients. Attachment B of the *Public Notice* provides nine categories of roads in the TIGER data, their descriptions, and the total number of miles of each category in the potentially eligible census blocks on the updated list the Bureaus announce with the *Public Notice*. The information on TIGER road categories is from Appendix F—MAF/TIGER Feature Class Code (MTFCC) Definitions, pages F-186 and F-187 at <http://www.census.gov/geo/www/tiger/tgrshp2010/documentation.html>.

6. Concurrent with the release of the *Public Notice*, the Bureaus announce the availability of a map of the potentially eligible blocks on the updated list. The map is an interactive visual representation of data from the updated Attachment A files. The Attachment A files contain more information and generally more detail than is displayed on the map. The map is available at <http://wireless.fcc.gov/auctions/901/> and at <http://www.fcc.gov/maps/>.

7. For additional information about Auction 901, including an overview of the requirements to participate in the auction and proposals for auction procedures, you should consult the *Auction 901 Comment Public Notice*.
