When ordering documents from BCPI, please provide the appropriate FCC document number, for example, DA 12-187 for this Public Notice. The *Public Notice* and related documents also are available on the Internet at the Commission's Web site: <http://wireless.fcc.gov/auctions/901/> or by using the search function for AU Docket No. 12-25 on the Commission's Electronic Comment Filing System (ECFS) web page at <http://www.fcc.gov/cgb/ecfs/>.

1. The Wireless Telecommunications and Wireline Competition Bureaus (the Bureaus) announce the availability of an

updated list, based on January 2012 American Roamer data, of census blocks potentially eligible for Mobility Fund Phase I support to be offered in Auction 901, as well as other updated information consistent with the revised list.

2. The Bureaus scheduled Auction 901 for September 27, 2012, and sought comment on procedures for the auction and certain program requirements in the *Auction 901* (Mobility Fund Phase I) *Comment Public Notice*, 77 FR 7152, February 10, 2012. The Bureaus concluded that they would identify census blocks eligible for the Mobility Fund Phase I support to be offered in Auction 901 based on an analysis of the most recent available American Roamer data, from January 2012. The Bureaus described the methodology for identifying potentially eligible blocks and provided a preliminary list of such blocks based on their analysis of October 2011 American Roamer data, in electronic format as Attachment A files, as well as certain summary information (based on the same data) in Attachments A and B released with the *Auction 901 Comment Public Notice*. Further, the Bureaus stated that upon completion of their analysis of the January 2012 American Roamer data they would provide an updated list of potentially eligible census blocks and related updated information for Attachments A and B.

3. The Bureaus have finished that analysis and are now providing the updated information. The updated list of potentially eligible blocks based on January 2012 American Roamer data is available in electronic format only, as separate Attachment A files at <http://wireless.fcc.gov/auctions/901/>. For each potentially eligible block, individually identified by its Federal Information Processing Series (FIPS) code, these files provide the population and area of the block; the associated state, county, tract, and block group; any associated Tribe and Tribal land; and the number of road miles in each road mile category.

4. Attachment A to the *Public Notice* provides a summary of the updated list of potentially eligible census blocks based on January 2012 American Roamer data. For each state and territory, Attachment A provides the total number of potentially eligible census blocks (unserved census blocks with road miles), the total number of block groups with such blocks, the total number of tracts with such blocks, the total number of counties with such blocks, and the number of cellular market areas (CMAs) with such blocks. For each state and territory, Attachment A also provides the total population and

area of the potentially eligible blocks, and the total number of road miles in each of the road mile categories. The Bureaus note that the U.S. Census Bureau has not yet released 2010 Census block-level data for American Samoa, the Commonwealth of the Northern Mariana Islands, and Guam. Consequently, the population of the unserved blocks in these territories is not provided in the Attachment A files.

5. As noted in the *Auction 901 Comment Public Notice*, for Auction 901, the Bureaus will use road miles from the Census Bureau's TIGER data for calculating the units in each eligible census block for purposes of comparing bids and measuring performance of Mobility Fund Phase I recipients. Attachment B of the *Public Notice* provides nine categories of roads in the TIGER data, their descriptions, and the total number of miles of each category in the potentially eligible census blocks on the updated list the Bureaus announce with the *Public Notice*. The information on TIGER road categories is from Appendix F—MAF/TIGER Feature Class Code (MTFCC) Definitions, pages F-186 and F-187 at <http://www.census.gov/geo/www/tiger/tgrshp2010/documentation.html>.

6. Concurrent with the release of the *Public Notice*, the Bureaus announce the availability of a map of the potentially eligible blocks on the updated list. The map is an interactive visual representation of data from the updated Attachment A files. The Attachment A files contain more information and generally more detail than is displayed on the map. The map is available at <http://wireless.fcc.gov/auctions/901/> and at <http://www.fcc.gov/maps/>.

7. For additional information about Auction 901, including an overview of the requirements to participate in the auction and proposals for auction procedures, you should consult the *Auction 901 Comment Public Notice*.
