Federal Aviation Administration

14 CFR Part 71

[Amended]

Modification of Area Navigation Route T–288; WY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies area navigation (RNAV) route T–288 by extending the route westward from the Rapid City, SD, VORTAC to the Gillette, WY, VOR/DME. This extension enhances the efficiency and safety of the National Airspace System (NAS) by supplementing the existing VOR Federal airway structure in that area.

DATES: Effective Dates: 0901 UTC, April 5, 2012. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

On December 6, 2011, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to modify RNAV route T–288 by adding a new segment between the Rapid City, SD, VORTAC (RAP) and the Gillette, WY, VOR/DME (GCC) (76 FR 76070). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

In the NPRM, the state designation (WY) for the KARAS intersection was inadvertently omitted from the route description. With the exception of that editorial change, this amendment is the same as that proposed in the NPRM.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 to modify RNAV route T–288 by adding a new segment between the Rapid City, SD, VORTAC and the Gillette, WY, VOR/DME. The extension supplements the existing VOR Federal airway structure to provide alternative routing between Gillette and Rapid City in the event of navigation aid outages.

RNAV routes are published in paragraph 6011 of FAA Order 7400.9V, signed August 9, 2011 and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1.

This rule action amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:
