

**DEPARTMENT OF COMMERCE****National Oceanic and Atmospheric Administration**

RIN 0648–BB69

**New England Fishery Management Council; Notice of Intent To Prepare an Environmental Impact Statement (EIS); Northeast Multispecies Fishery; Notice of Public Scoping Meetings; Correction**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; correction.

**SUMMARY:** This action makes a correction to a notice published on December 21, 2011. The notice referenced a control date of March 7, 2011; however the correct date is April 7, 2011. This notice inserts the correct April 7, 2011, control date, as intended.

**FOR FURTHER INFORMATION CONTACT:** Travis Ford, Fishery Management Specialist, 978–281–9233.

**SUPPLEMENTARY INFORMATION:** NMFS published a Notice of Intent (NOI) to prepare an Environmental Impact Statement and announced public

scoping meetings for the New England Fishery Management Council's (Council) Amendment 18 to the Northeast Multispecies Fishery Management Plan (Amendment 18) on December 21, 2011 (76 FR 79153). The subject document contained an error that needs to be corrected.

In the background information for the December 21, 2011 notice there is a reference to a March 7, 2011 control date for the NE multispecies fishery. Because the date reflects the wrong month, therefore, NMFS, through this notice, corrects the control date to April 7, 2011. Other published materials referencing the control date reflect the correct date of April 7, 2011.

**Correction**

The NOI published on December 21, 2011, in FR Doc. 2011–32694, on page 79154, in column 2, in the first full paragraph, line 2, correct the month “March” to read as “April.”

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: February 14, 2012.

**Carrie Selberg,**

*Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

**36(b)(1) Arms Sales Notification**

**AGENCY:** Defense Security Cooperation Agency, Department of Defense.

**ACTION:** Notice.

**SUMMARY:** The Department of Defense is publishing the unclassified text of a section 36(b)(1) arms sales notification. This is published to fulfill the requirements of section 155 of Public Law 104–164 dated July 21, 1996.

**FOR FURTHER INFORMATION CONTACT:** Ms. B. English, DSCA/DBO/CFM, (703) 601–3740.

The following is a copy of a letter to the Speaker of the House of Representatives, Transmittals 11–54 with attached transmittal, policy justification, and Sensitivity of Technology.

Dated: February 14, 2012.

**Aaron Siegel,**

ARLINGTON, VA 22202-5408

FEB 2 2012

The Honorable John A. Boehner  
Speaker of the House  
U.S. House of Representatives  
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 11-54, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Poland for defense articles and services estimated to cost \$447 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

**William E. Landay III**  
**Vice Admiral, USN**  
**Director**

**BILLING CODE 5001-06-C**

Transmittal No. 11-54

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended

- (i) *Prospective Purchaser:* Poland
- (ii) *Total Estimated Value:*

Major Defense Equipment*	\$219 million.
Other .....	\$228 million.
Total .....	\$447 million.

\* As defined in Section 47(6) of the Arms Export Control Act.

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:* 93 AIM-9X-2 SIDEWINDER Block II Tactical Missiles, 4 CATM-9X-2 Captive Air Training Missiles, 65 AIM-120C-7 Advanced Medium Range Air-to-Air Missiles, 42 GBU-49 Enhanced PAVEWAY II 500 lb Bombs, 200 GBU-54 (2000 lb) Laser Joint Direct Attack Munitions (JDAM) Bombs, 642 BLU-111 (500 lb) General Purpose Bombs, 127 MK-82 (500 lb) General Purpose Bombs,

80 BLU-117 (2000 lb) General Purpose Bombs, 4 MK-84 (2000 lb) Inert General Purpose Bombs, 9 F-100-PW-229 Engine Core Modules, 28 Night Vision Devices plus 6 spare intensifier tubes, 12 Autonomous Air Combat Maneuvering Instrumentation P5 pods, a Joint Mission Planning System, and five years of follow-on support and sustainment services for Poland's F-16 fleet, spare and repair parts, support and test equipment, publications and technical documentation, system

overhauls and upgrades, personnel training and training equipment, U.S. Government and contractor technical support, and other related elements of program support.

(iv) *Military Department*: Air Force (SAC, Amd #12) Navy (GAP)

(v) *Prior Related Cases*: FMS case SAC (thru Amd #11)—\$6M–23Mar00; FMS case GAP (thru Amd #xx)—\$10M–18Apr02

(vi) *Sales Commission, Fee, etc., Paid, offered, or Agreed to be Paid*: None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold*: See Attached Annex

(viii) *Date Report Delivered to Congress*: February 2, 2012

### Policy Justification

Poland—F-16 Follow-On Support and Additional Munitions

The Government of Poland has requested a possible sale of 93 AIM-9X-2 SIDEWINDER Block II Tactical Missiles, 4 CATM-9X-2 Captive Air Training Missiles, 65 AIM-120C-7 Advanced Medium Range Air-to-Air Missiles, 42 GBU-49 Enhanced PAVEWAY II 500 lb Bombs, 200 GBU-54 (2000 lb) Laser Joint Direct Attack Munitions (JDAM) Bombs, 642 BLU-111 (500 lb) General Purpose Bombs, 127 MK-82 (500 lb) General Purpose Bombs, 80 BLU-117 (2000 lb) General Purpose Bombs, 4 MK-84 (2000 lb) Inert General Purpose Bombs, 9 F-100-PW-229 Engine Core Modules, 28 Night Vision Devices plus 6 spare intensifier tubes, 12 Autonomous Air Combat Maneuvering Instrumentation P5 pods, a Joint Mission Planning System, and five years of follow-on support and sustainment services for Poland's F-16 fleet, spare and repair parts, support and test equipment, publications and technical documentation, system overhauls and upgrades, personnel training and training equipment, U.S. Government and contractor technical support, and other related elements of program support. The estimated cost is \$447 million.

Poland is an important ally in Northern Europe, contributing to NATO activities and ongoing U.S. interests in the pursuit of peace and stability. Poland's efforts in peacekeeping operations in Iraq and Afghanistan continue to serve U.S. national security interests. It is vital to the U.S. national interest to assist Poland to develop and maintain a strong and ready self-defense capability.

The proposed sale will improve Poland's capability to meet current and future operational needs. The upgrade

will allow Poland to continue to bolster its regional leadership while increasing NATO interoperability. Poland already has these missiles and munitions in its inventory and will have no difficulty absorbing the additional systems into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be Raytheon Corporation in Tucson, Arizona, Raytheon Corporation in Waltham, Massachusetts, The Boeing Company in St. Charles, Missouri, McAlester Army Ammunition Plant in McAlester, Oklahoma, and United Technologies Corporation in Hartford, Connecticut. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Poland. However, periodic travel to Poland will be required on a temporary basis in conjunction with program, technical, and management oversight and support requirements.

There will be no adverse impact on the U.S. defense readiness as a result of this proposed sale.

Transmittal No. 11-54

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

#### (vii) *Sensitivity of Technology*:

1. The AIM-9X-2 SIDEWINDER Block II Missile represents a substantial increase in missile acquisition and kinematics performance over the AIM-9M and replaces the AIM-9X-1 Block I missile configuration. The missile includes a high off bore-sight seeker, enhanced countermeasure rejection capability, low drag/high angle of attack airframe and the ability to integrate the Helmet Mounted Cueing System. The software algorithms are the most sensitive portion of the AIM-9X-2 missile. The software continues to be modified via a pre-planned product improvement (P<sup>3</sup>I) program in order to improve its counter-countermeasures capabilities. No software source code or algorithms will be released.

2. The AIM-9X-2 will result in the transfer of sensitive technology and information. The equipment, hardware, and documentation are classified Confidential. The software and operational performance are classified Secret. The seeker/guidance control section and the target detector are Confidential and contain sensitive state-

of-the-art technology. Manuals and technical documentation that are necessary or support operational use and organizational management are classified up to Secret. Performance and operating logic of the counter-countermeasures circuits are classified Secret. The hardware, software, and data identified are classified to protect vulnerabilities, design and performance parameters and similar critical information.

3. The GBU-54 is a 2000lb Joint Direct Attack Munition (JDAM) variant that includes a DSU-40 Laser Sensor. The GBU-54 uses global position system aided inertial navigation and/or laser detection to guide to threat targets. The Laser sensor enhances the standard JDAM's reactive target capability by allowing rapid prosecution of fixed targets with large initial target location errors (TLE). The DSU-40 Laser sensor also provides the capability to engage some mobile targets. The DSU-40 Laser sensor is attached to an MK-84 or BLU-117 bomb body in the forward fuze well. The addition of the DSU-40 Laser sensor, combined with additional cabling and mounting hardware, turns a standard GBU-31 JDAM into a GBU-54 Laser JDAM. Information that might reveal target designation tactics and associated aircraft maneuvers, the probability of destroying specific/peculiar targets, vulnerabilities regarding countermeasures, and the electromagnetic environment is classified Secret.

4. The JDAM is actually a guidance kit that converts existing unguided free-fall bombs into precision-guided "smart" munitions. By adding a new tail section containing Inertial Navigation System (INS) guidance/Global Positioning System (GPS) guidance to unguided bombs, the cost effective JDAM provides highly accurate weapon delivery in any "flyable" weather. The INS, using updates from the GPS, helps guide the bomb to the target via the use of movable tail fins.

5. The AIM-120C Advanced Medium Range Air-to-Air Missile (AMRAAM) is a guided missile featuring digital technology and micro-miniature solid-state electronics. The AMRAAM capabilities include look-down/shoot-down, multiple launches against multiple targets, resistance to electronic countermeasures, and interception of high- and low-flying and maneuvering targets. The AMRAAM All Up Round (AUR) is classified Confidential. The major components and subsystems range from Unclassified to Confidential,

and technical data and other documentation are classified up to Secret.

6. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

BILLING CODE 5001-06-P

## DEPARTMENT OF DEFENSE

### Department of the Air Force

[Docket ID USAF-2012-0004]

#### Privacy Act of 1974; System of Records

**AGENCY:** Department of the Air Force, DoD.

**ACTION:** Notice to alter a system of records.

**SUMMARY:** The Department of the Air Force proposes to alter a system of records in its inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended.

**DATES:** The proposed action will be effective on March 22, 2012 unless comments are received that would result in a contrary determination.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- \* *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, 2nd Floor, Suite 02G09, Alexandria, VA 22350-3100.

*Instructions:* All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

#### FOR FURTHER INFORMATION CONTACT:

Mr. Charles J. Shedrick, Department of the Air Force Privacy Office, Air Force Privacy Act Office, Office of Warfighting Integration and Chief Information officer, ATTN: SAF/CIO A6, 1800 Air Force Pentagon, Washington, DC 20330-1800, or by phone at 202-404-6575.

**SUPPLEMENTARY INFORMATION:** The Department of the Air Force's notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT**.

The proposed systems reports, as required by 5 U.S.C. 552a(r) of the Privacy Act, were submitted on February 14, 2012 to the House Committee on Oversight and Government Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated February 8, 1996, (February 20, 1996, 61 FR 6427).

Dated: February 14, 2012.

**Aaron Siegel,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

#### F044 AF TRANSCOM A

##### SYSTEM NAME:

Joint Medical Evacuation System (TRAC<sup>2</sup>ES) (June 16, 2003, 68 FR 35646).

##### CHANGES:

\* \* \* \* \*

##### CATEGORY OF INDIVIDUALS COVERED BY THE SYSTEM:

Delete entry and replace with "All Active Duty, Air National Guard, Army National Guard and Reserve components of Air Force, Army, Navy, Marine Corps, Coast Guard, Public Health Services or National Oceanic and Atmospheric Administration who have been called to Federal Service, retired personnel of all seven uniformed services, and their family members. All Veterans who are transported to or from a Department of Veterans Affairs (DVA) medical facility or of transporting the remains of deceased Veterans who died after transport to a DVA Medical facility. All Active Duty and Reserve components of Air Force, Army, Navy and Coast Guard and other uniformed service members of the North Atlantic Treaty Organization (NATO) and Secretary of Defense identified coalition National forces, DoD civilian employees, contractors supporting global U.S. operations, Department of Defense detainees and Prisoners of War. Individuals who are employed or contracted by the Federal Emergency Management Agency (FEMA), Department of Homeland Security

(DHS), Department of Health and Human Services (DHHS) or other United States (US) government agencies providing health care service, and patient movement in support of identified patients during Presidential disaster or emergency declaration. Employees and their dependents of any mission essential agency of the U.S. Government including non-appropriated fund and Exchange Service employees, Air Reserve technicians performing duties as civil servants, family members (dependents) who reside overseas and their civil service personnel sponsor stationed overseas requiring transfer to another medical treatment facility at the request of U.S. Government medical treatment facilities."

##### CATEGORIES OF RECORDS IN THE SYSTEM:

Delete entry and replace with "TRAC<sup>2</sup>ES contains information reported by the transferring medical facility which includes, patient identity, service affiliation and grade or status, name, Social Security Number (SSN), gender, medical diagnosis, medical condition, special procedures or requirements needed, medical specialties required, administrative considerations, personal considerations, home address of patient and/or duty station, and other information having an impact on the transfer."

##### AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Delete entry and replace with "10 U.S.C. 8013, Secretary of the Air Force; 10 U.S.C. Chapter 55, Medical and Dental Care; 10 U.S.C. 2641, Transportation of Certain Veterans on DoD Aeromedical Evacuation Aircraft; DoD Directive 5154.6, Armed Services Medical Regulating; DoD Instruction 6000.11, Patient Movement; and E.O. 9397 (SSN), as amended."

\* \* \* \* \*

##### STORAGE:

Delete entry and replace with "Paper records in file folders and electronic storage media."

##### RETRIEVABILITY:

Delete entry and replace with "By individual's name and SSN."

\* \* \* \* \*

##### SYSTEM MANAGER(S) AND ADDRESS:

Delete entry and replace with "System Administrator, United States Transportation Command, Office of the Command Surgeon, 203 West Losey Street, Suite 1700, Scott AFB, IL 62225-5357."

\* \* \* \* \*
