SUMMARY: Pursuant to the Privacy Act of 1974, 5 U.S.C. 552a, and the Office of Management and Budget (OMB) Circular A-130, notice is hereby given that the Department of Justice (DOJ or Department) proposes to establish a new Department-wide system of records notice, entitled Debt Collection Enforcement System, JUSTICE/DOJ-016. The purpose of publishing this Department-wide system notice is to reflect the Department's consolidation of its multiple debt collection systems, which were previously maintained in various individual DOJ components, into a single, centralized system. Records may also reside in offices of private counsel retained by DOJ pursuant to contract (contract private counsel) to assist with debt collection.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals indebted to the United States who have either: (1) Allowed their debts to become delinquent and whose delinquent debts have been referred to a DOJ litigating division, a United States Attorney Office (USAO), or to contract private counsel retained by DOJ, for settlement or enforced collection through litigation; and/or (2) incurred debts assessed by a federal court, e.g., fines or penalties in connection with civil or criminal proceedings.

In addition, the categories of individuals covered by the system include persons who are authorized to access and use the system. These individuals are Department of Justice employees and contractors.

CATEGORIES OF RECORDS IN THE SYSTEM:

This system of records contains records relating to the negotiation, compromise, settlement, and litigation of debts owed the United States, as well as for any amounts that the United States is authorized by law to collect for the benefit of any person or entity. Records consist of debt collection case files, as well as automated and/or hard-copy supporting data, as summarized below.

Case files include: evidence of indebtedness, judgment, or discharge; court filings such as legal briefs, pleadings, judgments, orders, and settlement agreements; litigation reports and related attorney work product; and agency status reports, memoranda, correspondence, and other documentation developed during the negotiation, compromise, settlement and/or litigation of debt collection activities.

Automated and/or hard-copy supporting data include information extracted from the case file and information generated or developed in support of federal debt collection activities. Such information may include: personal data (e.g., name, social security number, date of birth, taxpayer identification number, locator information, etc.); claim details (e.g., value and type of claim, such as benefit overpayment, loan default, bankruptcy, etc.); demand information, settlement negotiations, and compromise offered; account information (e.g., debtors' payments, including principal, penalties, interest, and balances, etc.); information regarding debtors' employment, assets, ability to pay, property liens, etc.; data regarding debtors' loans or benefits from client agencies or other entities; information on the status and disposition of cases at various times; data related to the Treasury Offset Program (TOP), which includes offsets by the Internal Revenue Service against income tax refunds, offsets of the salaries and benefits of federal employees or members of the Armed Forces, and other administrative offsets; and any other information related to the negotiation, compromise, settlement, or litigation of debts owed the United States and others, or to the administrative management of debt collection efforts.

The system also contains records regarding authorized system users, including audit log information and records relating to verification or authorization of an individual's access to the system. This information includes user name, date and time of use, search terms and filters, results that the user accessed, and a user's permissions and authorizations for particular data at that time.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

This system is established and maintained pursuant to the Debt Collection Act of 1982, Public Law 97-365, 96 Stat. 1749 (1982), as amended by the Debt Collection Improvement Act of 1996, 31 U.S.C. 3701-3720E (original version at Pub. L. 104-134, 110 Stat. 132 (1996)), the Federal Debt Collection Procedures Act of 1990, 28 U.S.C. 3001-3307 (original version at Pub. L. 101-647, 104 Stat. 4933 (1990)), 28 U.S.C. 516, 28 U.S.C. 547, and 44 U.S.C. 3101. More specifically, 28 U.S.C. 516, 519, and 547 authorize the Attorney General to conduct litigation to collect delinquent debts due the United States. In addition, 31 U.S.C. 3718(b) authorizes the Attorney General to contract with private counsel to assist DOJ in collecting debts due the United

States. The Attorney General is further authorized by 28 U.S.C. 3101 et seq. and 3201 et seq. to obtain both pre-judgment and post-judgment remedies against delinquent debtors. Moreover, under 28 U.S.C. 3201(a) and (e), a judgment against such a debtor creates a lien on all real property of the debtor, and renders that debtor ineligible for any grant or loan insured, financed, guaranteed, or made by the United States Government.

PURPOSES:

This system of records is maintained by the Department to cover records used by Department components or offices and/or contract private counsel to perform legal, financial, and administrative services associated with the collection of debts due the United States, including related negotiation, settlement, litigation, and enforcement efforts in accordance with the Debt Collection Act and related authority.

(s) Information from this system may be disclosed to appropriate agencies, entities, and persons when (1) the Department suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the compromised information; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or
