Background and Purpose

The mission of the CYFAR Program is to marshal resources of Land-Grant and Cooperative Extension Systems, so that, in collaboration with other organizations, they can develop and deliver educational programs that equip youth who are at risk for not meeting basic human needs with the skills they need to lead positive, productive, and contributing lives. Through an annual congressional appropriation for the CYFAR Program, NIFA allocates funding to land-grant university Extension services for community-based programs for at-risk children and their

families. NIFA is seeking stakeholder input regarding CYFAR's structure of the professional development and technical support program for fiscal year 2013. The focus of the webinar will be to address the following questions:

1. What should change about CYFAR, if anything?
2. What specific audiences should CYFAR target within at-risk populations?
3. Are there audiences for which CYFAR could have greater impact?
4. CYFERnet.org, are you using this, if so, please explain how?
5. CYFERnetSEARCH.org, are you using this, if so, please explain how?
6. How should the role of the CYFAR liaison be changed, if at all?
7. Have the capacity building workshops been effective, please explain?
8. Should we have a CYFAR liaison who is responsible specifically for capacity building, please explain?
9. CYFAR Conference, how effective has the CYFAR Conference been for your professional development in working with at-risk populations?
10. What percentage of the CYFAR funds should go to building the capacity of the system to serve at-risk audiences vs. building the capacity of the grantees?

Stakeholders' comments provided on the questions above will provide guidance to NIFA in restructuring the program and assisting NIFA leadership in more fully addressing stakeholder needs.

Implementation Plans

NIFA plans to consider stakeholder input received from this public meeting as well as other written comments in developing the FY 2013 program guidelines. NIFA anticipates releasing the FY 2013 Request for Applications (RFA) by winter 2012.

Done at Washington, DC, this 10th day of February, 2012.

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Fishery Capacity Reduction Program Buyback Requests.

OMB Control Number: 0648–0376.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 923.

Average Hours per Response:

Implementation plans, 6,634 hours; state approval/buyback, 270 hours; advance and post referenda, bids and buyer annual reports and seller/buyer reports, 4 hours each; fish tickets, 10 minutes; buyer monthly reports, 2 hours; advisements of conflict in ownership claims, 10 hours.

Burden Hours: 18,922.

Needs and Uses: This request is for an extension of a current information collection.

NOAA has established a program to reduce excess fishing capacity by paying fishermen to (1) surrender their fishing permits or (2) surrender their permits, and either scrap their vessels or restrict vessel titles to prevent fishing. These fishing capacity reduction programs, or buybacks, can be funded by a Federal loan to the industry or by direct Federal or other funding. These buybacks are conducted pursuant to the Magnuson-Stevens Fishery Conservation and Management Act, and the Magnuson-Stevens Reauthorization Act (Pub. L. 109–479). The regulations implementing the buybacks are at 50 CFR part 600.

Depending upon the type of buyback involved, the program can entail the submission of buyback requests by industry, the submission of bids, referenda of fishery participants, and reporting of the collection of fees to repay a Federal loan. For buybacks involving State-managed fisheries, the State may need to develop the buyback plan and comply with other information requirements. The information collected by NMFS is required to request a buyback, submit supporting data for requested buybacks, to submit bids, and to conduct referenda of fishery participants.

The recordkeeping and reporting requirements at 50 CFR 600.1013 through 600.1017 form the basis for this collection of information on fee payment and collection. NMFS requests information from participating buyback participants. This information, upon receipt, tracks the repayment of the Federal loans that are issued as part of the buybacks, and ensures accurate management and monitoring of the loans during the repayment term.

Affected Public: Business or other for-profit organizations.

Frequency: Annually, monthly and on occasion.

Respondent's Obligation: Required to obtain or maintain benefits.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Citric Acid and Certain Citrate Salts from the People's Republic of China: Amended Final Results of the First Administrative Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 14, 2011, the Department of Commerce (“Department”) published the final results of the first administrative review of the antidumping duty order on citric acid and certain citrate salts (“citric acid”) from the People's Republic of China (“PRC”).¹ The period of review is November 20, 2008, through April 30, 2010. We are amending our *Final Results* to correct a ministerial error made in the calculation of the antidumping duty margin for Yixing Union Biochemical Co., Ltd. (“Yixing Union”) pursuant to section 751(h) of the Tariff Act of 1930, as amended (“the Act”).

DATES: Effective Date: February 21, 2012.

FOR FURTHER INFORMATION CONTACT: Krisha Hill or Maisha Cryor, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of

¹ See *Citric Acid and Certain Citrate Salts from the People's Republic of China: Final Results of the First Administrative Review of the Antidumping Duty Order*, 76 FR 77772 (December 14, 2011) (“*Final Results*”).

Commerce, 14th Street and Constitution Avenue NW., Washington DC, 20230; telephone: (202) 482–4037 or (202) 482–5831, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 19, 2011, Yixing Union timely submitted an allegation of a ministerial error with respect to the *Final Results* of the November 20, 2008, through April 30, 2010, administrative review, in accordance with 19 CFR 351.224(c)(ii). No other party submitted comments regarding ministerial error allegations.

Ministerial Errors

A ministerial error as defined in section 751(h) of the Act includes “errors in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.” See also 19 CFR 351.224(f).

After analyzing Yixing Union's comments, we have determined, in accordance with 19 CFR 351.224(e), that a ministerial error existed in a certain calculation in the *Final Results*. Specifically, the Department inadvertently applied marine insurance to all, rather than a portion, of Yixing Union's U.S. sales. Correction of this error results in a change to Yixing Union's final antidumping duty margin. For a detailed discussion of this ministerial error, as well as the Department's analysis, see *Final Results of the 2008–2010 Administrative Review of the Antidumping Duty Order for Citric Acid and Certain Citrate Salts from the People's Republic of China: Allegation of Ministerial Error*, dated concurrently with this notice.

Therefore, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* of the administrative review of citric acid from the PRC. Listed below is the revised weighted-average dumping margin resulting from these amended final results:

Exporter	Original final margin	Amended final margin
Yixing Union Biochemical Co., Ltd.	1.11%	1.01%

We will disclose the calculation performed for these amended final results within five days of the date of publication of this notice to interested
