Intent of Preparation of a Programmatic Environmental Assessment, To Open a Public Scoping Period, and To Conduct Public Scoping Meetings

AGENCY: U.S. Department of Transportation, Maritime Administration.

ACTION: Notice of Intent of Preparation of a Programmatic Environmental Assessment, to Open a Public Scoping Period, and to Conduct Public Scoping Meetings.

SUMMARY: Notice is hereby given that the Maritime Administration (MarAd), of the U.S. Department of Transportation (U.S. DOT), will prepare a Programmatic Environmental Assessment (PEA) in compliance with the National Environmental Policy Act of 1969 that will evaluate potential environmental effects associated with the performance of the America’s

Marine Highway Program. The PEA will identify and assess potential environmental impacts from the proposed actions and a range of reasonable alternatives so MarAd can determine, what if any, additional analysis may be required including, whether to prepare environmental impact statement(s) (EIS) or issuing finding(s) of no significant impact (FONSI). MarAd is initiating a scoping process to identify community concerns and local issues that will be addressed in the PEA. MarAd plans to hold public scoping meetings regionally to obtain input from the public. The meetings will be conducted using an open house format with informational displays and materials available for public review. There will be no formal presentations. MarAd staff will be present at this open house to answer general questions on the proposed action and the PEA process. If at any point during the preparation of the PEA, MarAd determines that it is necessary to prepare an EIS, this scoping process will serve as the scoping process that would normally follow a Notice of Intent to prepare an EIS.

Dates and Locations: The NEPA scoping period ends on April 16, 2012. Comments will only be accepted at the scoping meetings or on regulations.gov under the docket number 2012–0015. Comment forms will be provided at each public scoping meeting. Comments received at the meetings will be scanned and uploaded to the docket.
