##### **II. Request for Comment**

The Department is proposing to revise the Fair Labor Standards Act minimum wage, overtime and recordkeeping regulations pertaining to the exemptions for companionship services and live-in domestic services. The Department proposes to amend the regulations to revise the definitions of "domestic service employment" and "companionship services." The Department also proposes to more specifically describe the type of activities and duties that may be considered "incidental" to the provision of companionship services. In addition, the Department proposes to amend the recordkeeping requirements for live-in domestic workers. Finally, the Department proposes to amend the regulation pertaining to employment by a third party of companions and live-in domestic workers. This change would continue to allow the individual, family, or household employing the worker's services to apply the companionship and live-in exemptions and would deny all third party employers the use of such exemptions.

On December 15, 2011, President Obama announced that the Department of Labor was proposing the rule changes. The Department posted a Notice of Proposed Rulemaking (NPRM), complete with background information, economic impact analyses and proposed regulatory text, on its Web site that day. The Department published the NPRM in the **Federal Register** on December 27, 2011 (76 FR 81190), requesting public comments on the proposed revisions to the regulations pertaining to the exemption for companionship services and live-in domestic services. Interested parties were requested to submit comments on or before February 27, 2012.

The Department has received requests to extend the period for filing public comments from members of Congress and various business organizations. Because of the interest that has been expressed in this matter, the Department has decided to extend the period for

submitting public comment for 14 additional days.

Dated: February 16, 2012.
