Technology and Media Services for Individuals With Disabilities—Educational Materials in Accessible Formats for Students With Visual Impairments and Other Print Disabilities

Priority

The purpose of this priority is to fund a cooperative agreement to support the establishment and operation of a project that will provide free educational materials, including textbooks, in accessible formats for students who are blind, visually impaired, and print disabled and enrolled in elementary, secondary, postsecondary, or graduate schools.

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in this priority. Any project funded under this absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements. An applicant must include in its application—

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

(b) A plan to implement the activities described in the Project Activities section of this priority;

(c) A plan, linked to the proposed project’s logic model, for a formative evaluation of the proposed project’s activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services;

(d) A budget for a summative evaluation to be conducted by an independent third party;

(e) A budget for attendance at the following:

(1) A one and one half day kick-off meeting to be held in Washington, DC, after receipt of the award, and an annual planning meeting held in Washington, DC, with the Office of Special Education Programs (OSEP) Project Officer during each subsequent year of the project period.

Note: Within 30 days of the award, a post-award teleconference must be held between the OSEP Project Officer and the grantee’s project director or other authorized representative. The primary purposes of this meeting will be to review the Department’s grantee requirements, discuss the project’s planned activities and budget, and confirm the expectations for the project’s performance measures and evaluation.

(2) A three-day Project Directors’ Conference in Washington, DC, during each year of the project period.

(3) Two two-day trips annually to attend Department briefings, Department-sponsored conferences, and other meetings, as requested by OSEP, and to meet with the OSEP Project Officer and other funded projects for purposes of cross-project collaboration and information exchange; and

(f) A line item in the proposed budget for an annual set-aside of four percent of the grant amount to support emerging needs that are consistent with the proposed project’s activities, as those needs are identified in consultation with OSEP.

Note: With approval from the OSEP Project Officer, the project must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period.

Project Activities. To meet the requirements of this priority, the project, at a minimum, must conduct the following activities:

(a) Provide educational materials, including textbooks, in accessible formats to State educational agencies (SEAs) and local educational agencies (LEAs) for use by elementary and secondary education students with print disabilities. The educational materials, including any specialized software needed to use the materials, must be provided at no cost to students, families, schools, SEAs, and LEAs. The project may not assess membership fees to individual students or to institutions, including schools, SEAs, and LEAs.

(b) Provide educational materials in accessible formats for students with print disabilities attending postsecondary and graduate schools. Materials may be provided directly to eligible students or to postsecondary and graduate schools and vocational rehabilitation agencies requesting materials in accessible formats on behalf of eligible students. The accessible educational materials, including any specialized software needed to use the materials, must be provided at no cost to students, postsecondary and graduate schools, and vocational rehabilitation agencies. Thus, the project may not assess fees to individual students or to institutions, including postsecondary schools, graduate schools, and vocational rehabilitation agencies.

(c) Produce high-quality, user-friendly educational materials in accessible formats including, digital text, braille-ready files, and audio formats. At least 50 percent of the audio materials produced must be in text-to-speech audio format. Materials produced as part of this cooperative agreement must include image descriptions, digital images, and graphics.

(d) Develop and implement an innovative plan focused on improving the quality, timeliness, and ease of access to educational materials for students with print disabilities, including, when appropriate, those materials that are included in open educational resources. To the extent feasible, the project must provide for the use of communication and data technologies available today, including handheld devices, smart phones, data pads, etc., and anticipate future needs across the five years in the development of this plan.

(e) Develop and implement cost and efficiency measures for the production of accessible educational materials.

(f) Provide high-quality, up-to-date software needed to use the accessible educational materials, at no cost to students, families, schools, LEAs, SEAs, postsecondary and graduate schools, and vocational rehabilitation agencies. The project must also keep abreast of emerging technologies and implement changes and updates to technology, software, and other materials that meet industry standards.

(g) Provide and implement a detailed digital rights management (DRM) plan that protects the interests of rights holders while maintaining ease of access to the accessible educational materials for students with print disabilities.

1 For the purposes of this priority, we are using the term “educational materials” consistent with the use of this term in section 674(c)(1)(D) of IDEA and to be consistent with the term of art used in the field.

2 For purposes of this priority, eligible students attending postsecondary and graduate schools are students with a print disability as defined in section 771 of the Higher Education Act of 1965, as amended. Section 771 defines “student with a print disability” as “a student with a disability who experiences barriers to accessing instructional material in nonspecialized formats, including an individual described in section 1211(d)(2) of title 17, United States Code.”
(b) Develop and implement a plan for consulting with publishers, software developers, other manufacturers of accessible educational materials for individuals with print disabilities, and the National Instructional Materials Access Center (NIMAC)\(^4\) to ensure that the project uses the most efficient, cost-effective technology available to provide timely access to educational materials.

(i) Produce accessible educational materials using files that are compliant with the National Instructional Materials Accessibility Standard (NIMAS)\(^5\).

(j) Develop and implement a plan for increasing SEA and LEA use of the project’s resources and accessible educational materials as part of their systems for providing educational materials in accessible formats to students with print disabilities.

(k) Ensure that project activities are conducted in compliance with section 121 of the Copyright Act, as amended: copyright.gov/title17/9chap1.html#121.

(l) Establish and maintain an advisory committee consisting of SEA and LEA representatives, representatives from community colleges and four-year institutions of higher education, representatives from vocational rehabilitation agencies, parents of individuals with visual impairments and other print disabilities ages birth through 26, consumers with visual impairments and consumers with other print disabilities who use educational materials in accessible formats, and representatives of schools or other institutions where educational materials in accessible formats are used. The purpose of this advisory committee is to provide the project with input and ongoing advice on the project’s goals, objectives, program activities, and services. The project must submit the names of proposed members of the advisory committee to OSEP for approval within eight weeks after receipt of the award.

(m) Maintain a Web site that meets government or industry-recognized standards for accessibility and that links to the Web site operated by the Technical Assistance Coordination Center (TACC).\(^6\)

(n) Communicate and collaborate, on an ongoing basis, with OSEP-funded projects, including NIMAS-related projects. Activities could include the joint development of products, training sessions, and materials, and improving the accessible educational materials delivery system to ensure timely and easy access to accessible educational materials.

(o) Maintain ongoing communication with the OSEP Project Officer through bi-monthly phone conferences and email communication.

Fourth and Fifth Years of the Project

In deciding whether to continue funding the project for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition—

(a) The recommendation of a review team consisting of experts selected by the Secretary. This review will be conducted during a one-day intensive meeting in Washington, DC, that will be held during the last half of the second year of the project period. The project must budget for travel expenses associated with this one-day intensive review.

(b) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the project; and

(c) The quality, relevance, and usefulness of the project’s activities and products and the degree to which the project’s activities and products have contributed to increasing the number of eligible students that use AIM and improving the timeliness of delivery of AIM to students with print disabilities.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priority in this notice.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, the references, or the letters of support. However, the page limit does apply to all of the application narrative section (Part III).

Please note the following:

- Your participation in Grants.gov is voluntary.

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
• Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

• The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

• You should review and follow the Education Submission Procedures for submitting your application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department’s G5 system home page at http://www.G5.gov.

• If you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in a .PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable .PDF file. If you upload a file type other than a read-only, non-modifiable .PDF or submit a password-protected file, we will not review that material.

• Your electronic application must comply with any page-limit requirements described in this notice.

• After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

• We may request that you provide us original signatures on forms at a later date.

**Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System:** If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1–800–518–4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it. If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under FOR FURTHER INFORMATION CONTACT in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

**Note:** The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

**b. Submission of Paper Applications by Mail**

If you submit your application in paper format by mail (through the U.S. Postal Service or a commercial carrier), you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.327D), LBJ Basement Level 1, 400 Maryland Avenue SW., Washington, DC 20202–4260.

2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

3. A dated shipping label, invoice, or receipt from a commercial carrier.

4. Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

1. A private metered postmark.

2. A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

**c. Submission of Paper Applications by Hand Delivery**

If you submit your application in paper format by hand delivery, you (or a courier service) must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.327D), 550 12th Street SW., Room 7041, Potomac Center Plaza, Washington, DC 20202–4260.

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Additional Review and Selection Process Factors: In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applications would not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

4. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to ensure that parents of children with disabilities receive training and information to help improve results for their children.

Priorities: In accordance with 34 CFR 75.105(b)(2)(iv) and (v), these priorities are from allowable activities specified in the statute, or otherwise authorized in the statute (see sections 671, 672 and 681(d) of the Individuals with Disabilities Education Act (IDEA)). Each of the absolute priorities announced in this notice corresponds to a separate competition as follows:

<table>
<thead>
<tr>
<th>Absolute priority</th>
<th>Competition CFDA No.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Community Parent Resource Centers</td>
<td>84.328C</td>
</tr>
<tr>
<td>2. Parent Training and Information Centers</td>
<td>84.328M</td>
</tr>
</tbody>
</table>

Absolute Priorities: For FY 2012 and any subsequent year in which we make awards from the list of unfunded applicants from these competitions, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), for each competition, we consider only applications that meet the absolute priority for that competition.

The priorities are:

Absolute Priority 1—Community Parent Resource Centers (84.328C) and
Absolute Priority 2—Parent Training and Information Centers (84.328M).

Background:
Almost 35 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by strengthening the ability of parents to participate fully in the education of their children at school and at home (see section 601(c)(5)(B) of IDEA).

This notice announces two priorities that are designed to help ensure that parents of children with disabilities have the training and information they need to participate in the education of their children.

Absolute Priority 1 supports Community Parent Resource Centers (CPRCs) designed to meet the specific needs of parents who experience significant isolation from available sources of information and support in the geographically defined communities served by the centers. These parents include low-income parents, parents of limited English proficient children, and parents with disabilities—

Absolute Priority 2 supports Parent Training and Information Centers (PTIs) designed to meet the needs of parents of children with disabilities living in the States, regions of the States, or territories served by the centers, particularly underserved parents and parents of children who may be inappropriately identified as having a disability. (a) Meet developmental and functional goals and the challenging academic achievement standards that have been established for all children; and
(b) Be prepared to lead productive, independent adult lives to the maximum extent possible.

The following Web site provides further information on the work of previously funded CPRCs and PTIs: www.parentcenternetwork.org.
