The Exchange also proposes to make technical and conforming changes to other rules that reference the approved person application process. The Exchange further proposes to make technical amendments to correct an error in the spelling of “principal executive,” which is spelled “principle executive” in NYSE Amex Rule 476A and NYSE Amex Equities Rules 308, 410A, 422, and 460. In addition, the Exchange proposes to delete “principle executive” from NYSE Amex Equities Rules 304 and 304A for consistency with similar amendments to NYSE Rules 304 and 304A.¹²

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)¹³ of the Act, in general, and furthers the objectives of Section 6(b)(5)¹⁴ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. More specifically, the Exchange believes that the proposed approved person definition and consent to jurisdiction process would remove unnecessary complexities and excessive informational requirements and create a more efficient and less burdensome process for membership applicants and member organizations while maintaining appropriate regulatory standards. As such, the proposed rule change would contribute to removing impediments to and perfecting the

¹¹ The Exchange notes that FINRA is in the process of harmonizing legacy NASD and NYSE Rules, and has published a proposal to harmonize membership rules. See FINRA Regulatory Notice 10-01. While FINRA has proposed that a member firm be required to provide certain information about affiliates, FINRA has not proposed to adopt the approved person definition or application process, or assert jurisdiction over such persons. When FINRA completes that harmonization process for the membership rules, the Exchange will consider whether further amendments to its approved person rules are advisable. Until such time, the Exchange believes that the narrowing of the approved person definition and the elimination of the approved person application process will remove unnecessary complexities and excessive informational requirements and thereby reduce burdens on membership applicants and member organizations while still maintaining high regulatory standards consistent with the Act.
