SUPPLEMENTARY INFORMATION:

Title: Accounts Receivable Confirmations.

OMB Control Number: 1012-0001.

Bureau Form Number: None.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Various laws require the Secretary to manage mineral resource production from Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected in accordance with applicable laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral leases on Federal and Indian lands are available at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

Minerals produced from Federal and Indian leases vary greatly in the nature of occurrence, production, and processing methods. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian

lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The regulations require the lessee to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information we collect includes data necessary to ensure that lessees accurately value production and appropriately pay royalties.

Companies submit financial information monthly to ONRR on Form MMS-2014, Report of Sales and Royalty Remittance (OMB Control Number 1012-0004) and on Form MMS-4430, Solid Minerals Production and Royalty Report (OMB Control Number 1012-0010).

Every year, under the CFO, the Department's Office of Inspector General, or its agent (agent), audits the Department's financial statements. The Department's goal is to receive an unqualified opinion. Accounts receivable confirmations are a common practice in the audit business. Due to continuously increasing scrutiny on financial audits, third-party confirmation of the validity of ONRR's financial records is necessary.

As part of the CFO audit, the agent selects royalty payors at random and provides the companies' names and addresses to ONRR. In order to meet the CFO requirements, the letters must be on ONRR letterhead; and the Deputy Director for ONRR, or his or her designee, must sign the letters. The letter requests, by a specified date, third-party confirmation responses that ONRR's accounts receivable records agree with royalty payor records for the following items: Customer identification; royalty/invoice number; payor-assigned document number; date of ONRR receipt; original amount the payor reported; and remaining balance due ONRR. The agent mails the letters to the payors, instructing them to respond directly to the agent to confirm the accuracy and/or validity of selected royalty receivable items and amounts. Verifying the amounts reported and the balances due requires research and analysis by payors.

We are requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge the duties of the office. ONRR protects proprietary information that payors submit, and there are no questions of a sensitive nature included in this information collection.

Frequency: Annually.

Estimated Number and Description of Respondents: 48 randomly selected Federal and Indian oil and gas and solid mineral royalty payors.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 12 hours. We estimate that each response will take 15 minutes for payors to complete.

Estimated Annual Reporting and Recordkeeping "Non-hour" Cost Burden: We have identified no "non-hour cost" burden associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency to " * * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *."

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on August 26, 2011 (76 FR 53487), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove this collection of information; however, submit your comments to OMB within 30 days in order to assure maximum consideration. OMB should receive your comments by April 2, 2012.

Public Comment Policy: We post all comments, including names and addresses of respondents, at <http://www.regulations.gov>. Before including your address, phone number, email

address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public view your personal identifying information, we cannot guarantee that we will be able to do so.

The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On April 27, 2007, the Department of Commerce issued an antidumping duty order on imports of activated carbon from China (72 FR 20988). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined the *Domestic Like Product* to be certain activated carbon, coextensive with Commerce's scope of the investigation.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as all known producers of certain activated carbon, except

California Carbon. The Commission found that appropriate circumstances existed to exclude California Carbon based on the related parties provision pursuant to 19 U.S.C. 1677(4)(B).

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the *Order Date* is April 27, 2007.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations wishing to participate in the review as parties, must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official has advised that a five-year review is not considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI
