

Please do not call these offices to register as they cannot accept registrations.

**SUPPLEMENTARY INFORMATION:**

*To Join the Webinars:* Please follow the instructions above. During the webinar, you will have an opportunity to email questions. If you wish to submit your question ahead of time, you can email it to: *H-2B.Regulation@dol.gov*.

In addition, participants must dial a toll-free number to hear the conversation. The toll-free number to call is 888-810-9161 and the passcode is 7393731. (Please note that due to the large number of participants, callers will not have the ability to ask questions over the phone line. As noted above, the webinars, including the phone lines, will be limited to the first 200 participants.)

*To Register for the In-Person Briefing:* To register for the in-person briefing session please email your intent to *April17.Briefing@dol.gov*. Please include your name (last name, first name, middle initial), your organization's name, and your contact information (phone/fax/email). Due to space considerations, attendance will be limited to those who register on a first-come, first-served basis. Participants will be notified that their registration has been processed. When we reach full capacity for the auditorium, the Department will post a notice on the Office of Foreign Labor Certification Web site at: <http://www.foreignlaborcert.doleta.gov> to notify the public that the registration period has closed. We will also notify participants if this event is cancelled or in the event of any changes.

This information should be used by any member of the public planning to attend a webinar or the briefing session.

Dated: February 24, 2012.

## LIBRARY OF CONGRESS

### Copyright Royalty Board

#### Notice of Intent To Audit

**AGENCY:** Copyright Royalty Board, Library of Congress.

**ACTION:** Public notice.

**SUMMARY:** The Copyright Royalty Judges are announcing receipt of two notices of intent to audit the 2009, 2010, and 2011 statements of account submitted by Digitally Imported, Inc., and Beasley Broadcast Group, Inc., concerning the royalty payments made by each pursuant to two statutory licenses.

**FOR FURTHER INFORMATION CONTACT:** LaKeshia Keys, Program Specialist, by telephone at (202) 707-7658 or email at *crb@loc.gov*.

**SUPPLEMENTARY INFORMATION:** The Copyright Act, title 17 of the United States Code, grants to copyright owners of sound recordings the exclusive right to perform publicly sound recordings by means of certain digital audio transmissions, subject to certain limitations. Specifically, this right is limited by two statutory licenses. The section 114 license allows the public performance of sound recordings by means of digital audio transmissions by nonexempt noninteractive digital subscription services and eligible nonsubscription services. 17 U.S.C. 114(f). The second license allows a service to make any necessary ephemeral reproductions to facilitate the digital transmission of the sound recording. 17 U.S.C. 112(e).

Licensees may operate under these licenses provided they pay the royalty fees and comply with the terms set by the Copyright Royalty Judges. The rates and terms for the section 112 and 114 licenses are set forth in 37 CFR part 380. As part of the terms set for these licenses, the Judges designated SoundExchange, Inc., as the organization charged with collecting the royalty payments and statements of account submitted by eligible nonsubscription services such as, among others, Commercial Webcasters and Broadcasters, and distributing the royalties to the copyright owners and performers entitled to receive such royalties under the section 112 and 114 licenses. 37 CFR 380.4(b)(1) (Commercial Webcasters), 380.13(b)(1) (Broadcasters). As the designated Collective, SoundExchange may conduct a single audit of a licensee for any calendar year for the purpose of verifying their royalty payments. SoundExchange must first file with the Judges a notice of intent to audit a licensee and serve the notice on the licensee to be audited. 37 CFR 380.6(c), 380.15(c).

On February 15, 2012, SoundExchange filed with the Judges separate notices of intent to audit Digitally Imported, Inc., a Commercial Webcaster, and Beasley Broadcast Group, Inc., a Broadcaster, for the years

2009, 2010, and 2011. Sections 380.6(c) and 380.15(c) require the Judges to publish a notice in the **Federal Register** within 30 days of receipt of the notice announcing the Collective's intent to conduct an audit.

In accordance with §§ 380.6(c) and 380.15(c), the Copyright Royalty Judges are publishing today's notice to fulfill this requirement with respect to SoundExchange's respective notices of intent to audit Digitally Imported, Inc., and Beasley Broadcast Group, Inc., each filed February 15, 2012.

Dated: February 28, 2012.

**James Scott Sledge,**

*Chief U.S. Copyright Royalty Judge.*

## NATIONAL SCIENCE FOUNDATION

### Agency Information Collection Activities: Comment Request

**AGENCY:** National Science Foundation.

**ACTION:** Submission for OMB Review; Comment Request

**SUMMARY:** The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, Pub. L. 104-13. This is the second notice for public comment; the first was published in the **Federal Register** at 76 FR 74830, and no comments were received. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science

Foundation, 725–17th Street NW., Room 10235, Washington, DC 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230 or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling 703–292–7556.

**FOR FURTHER INFORMATION CONTACT:**

Contact Suzanne Plimpton, the NSF Reports Clearance Officer, phone (703) 292–7556, or send email to [splimpto@nsf.gov](mailto:splimpto@nsf.gov). Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

**SUPPLEMENTARY INFORMATION:**

*Title of Collection:* Grantee Conflict of Interest Policies.

*OMB Control No.:* 3145–NEW.

*Proposed Project:* The National Science Foundation (NSF) is an independent Federal agency created by the National Science Foundation Act of 1950, as amended (42 USC 1861–75). The Act states the purpose of the NSF is “to promote the progress of science; [and] to advance the national health, prosperity, and welfare by supporting research and education in all fields of science and engineering.”

NSF has had a unique place in the Federal Government: It is responsible for the overall health of science and engineering across all disciplines. In contrast, other Federal agencies support research focused on specific missions such as health or defense. The Foundation also is committed to ensuring the nation’s supply of scientists, engineers, and science and engineering educators.

NSF funds research and education in most fields of science and engineering. It does this through grants and cooperative agreements to more than 2,000 colleges, universities, K–12 school systems, businesses, informal science organizations and other research

organizations throughout the US. The Foundation accounts for about one-fourth of Federal support to academic institutions for basic research.

NSF proposes to conduct a survey to determine how NSF grantees identify, oversee, and manage financial conflicts of interest in research funded by NSF. This survey focuses on NSF’s grantee’s conflict of interest policies and procedures, and on any conflicts of interest that were identified and managed during FY 2010. By examining how NSF grantees have identified and managed their financial conflicts of interest, this survey will help the Foundation determine whether there are any areas for improvement in NSF’s policies and guidelines.

*Use of the Information:* Analysis of the responses is necessary to determine whether there are any areas for improvement in NSF’s policies and guidelines.

*Respondents:*

*Burden on the Public:* The Foundation estimates about 175 responses at approximately 15 hours per response; this computes to approximately 2625 burden hours annually.

**BILLING CODE 7555–01–P**

**NUCLEAR REGULATORY COMMISSION**

**[NRC–2011–0202; Docket Nos.: 50–245, 50–336 and 50–423]**

**Millstone Power Station, Units 1, 2 and 3, Dominion Nuclear Connecticut, Inc.; Exemption**

**1.0 Background**

Dominion Nuclear Connecticut, Inc. (DNC or the licensee) is the holder of Facility Operating License Nos. DRP–21, DPR–65 and NPF–49, which authorize operation of the Millstone Power Station, Unit Nos. 1, 2 and 3 (Millstone), respectively. The license provides, among other things, that the facility is subject to all rules, regulations, and orders of the U.S. Nuclear Regulatory Commission (NRC, the Commission) now or hereafter in effect.

The facility consists of one boiling water reactor and two pressurized-water reactors located in New London County, Connecticut. The boiling water reactor is permanently shut down.

**2.0 Request/Action**

Title 10 of the *Code of Federal Regulations* (10 CFR) Part 26, “Fitness

For Duty Programs,” Subpart I, “Managing Fatigue,” requires that individuals described in 10 CFR 26.4(a)(1) through (a)(5) are subject to the work hour controls provided in 10 CFR 26.205. By letter dated February 10, 2011,<sup>1</sup> supplemented by letters dated March 10, 2011, and February 6, 2012,<sup>2</sup> and pursuant to 10 CFR 26.9, DNC, doing business as Dominion, requested an exemption from the requirements of 10 CFR 26.205(c) and (d) during declarations of severe weather conditions such as tropical storm and hurricane force winds at the Millstone site. A subsequent response to requests for additional information (RAI) is dated August 31, 2011.<sup>3</sup>

The requested exemption applies to individuals who perform duties identified in 10 CFR 26.4(a)(1) through (a)(5) who are designated to perform work as a member of the Millstone hurricane response organization (HRO). The exemption request states that the station HRO typically consists of enough individuals to staff two 12-hour shifts of workers consisting of personnel from operations, maintenance, engineering, emergency planning, radiation protection, chemistry, site services and security to maintain the safe and secure operation of the plant.

Entry conditions for the requested exemption occur when the site activates the Station Hurricane Command Center and the Site Vice President (or his designee) determines that travel conditions to the site will potentially become hazardous such that HRO staffing will be required—based on verifiable weather conditions. Verifiable weather conditions are defined in the exemption request as when the National Weather Service issues an Inland High Wind Warning for Hurricane Force Winds for New London County or when the Dominion Weather Center projects tropical storm or hurricane force winds onsite within 12 hours.

After the high wind conditions pass, wind damage to the plant and surrounding area might preclude a sufficient number of individuals from immediately returning to the site. Additionally, if mandatory civil evacuations were ordered, this would delay the return of sufficient relief personnel. The exemption request states that the exemption will terminate when hurricane watches and warnings or inland hurricane watches and warnings have been cancelled; when weather
